# LAIR '73

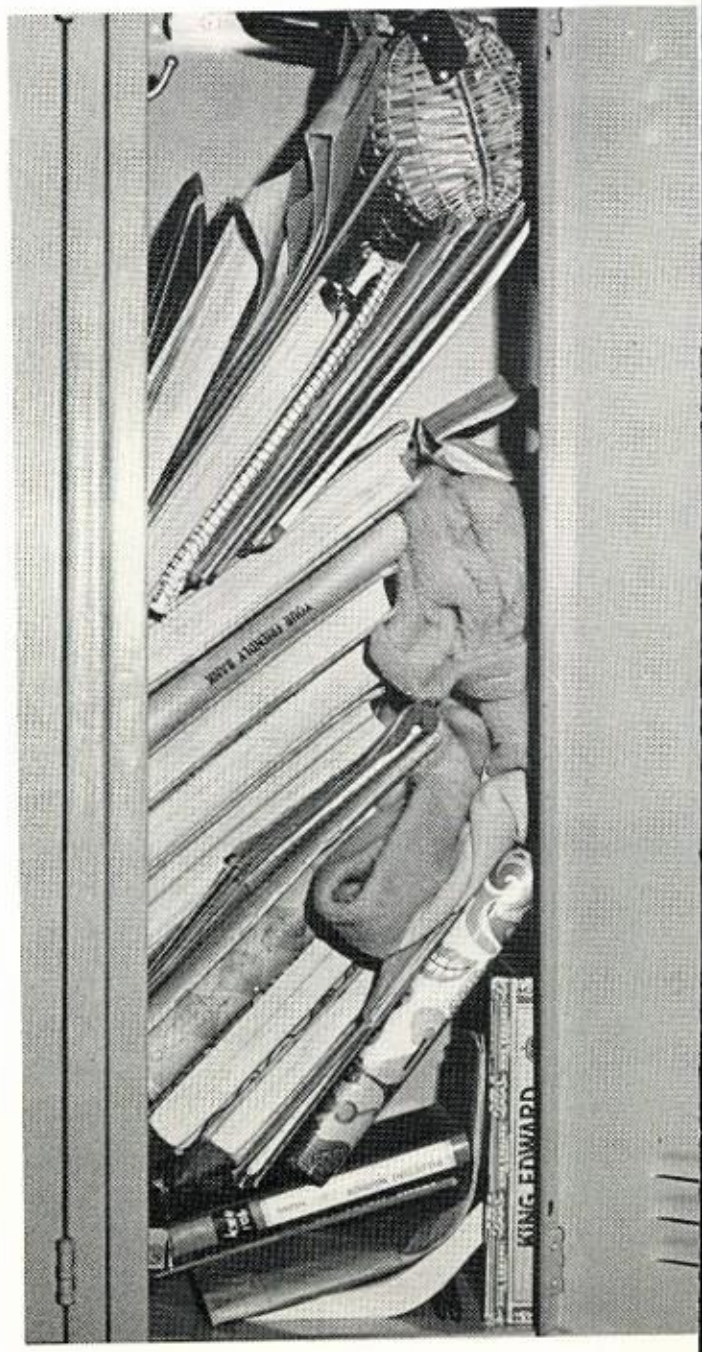
# THERE'S A TIME FOR SCHOOL . . .

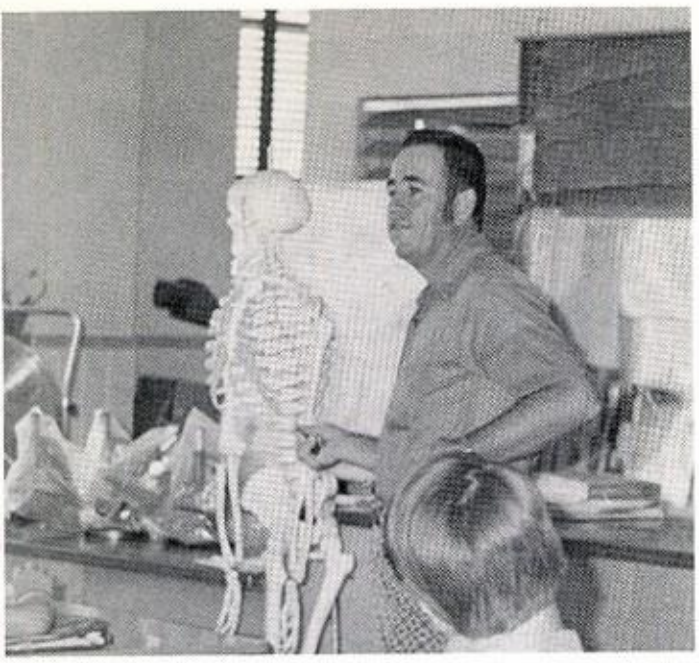
For everything THERE IS A TIME:

The clock of life is wound but once,
And no man has the power to tell
Just when the hands will stop
At late or early hour.
Now is the only time you own.
Live, love, toil with a will,
Place no faith in tomorrow;
For the clock may then be still.

—Anon.

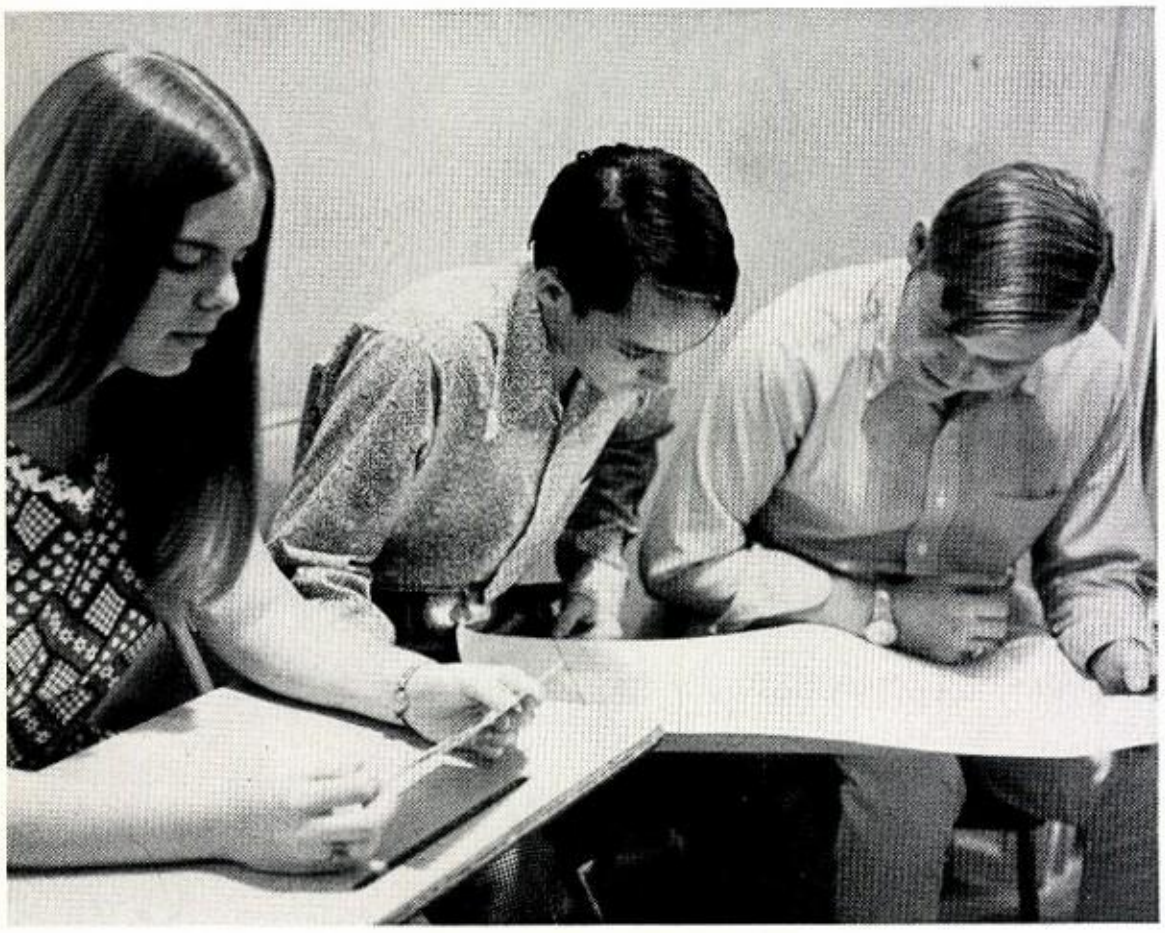
Time is the most precious gift we have been given. Without time, we would not be able to enjoy our families, our friends, our common victories and defeats. The purpose of the 1973 LAIR is to help you preserve a small portion of our gift of TIME.



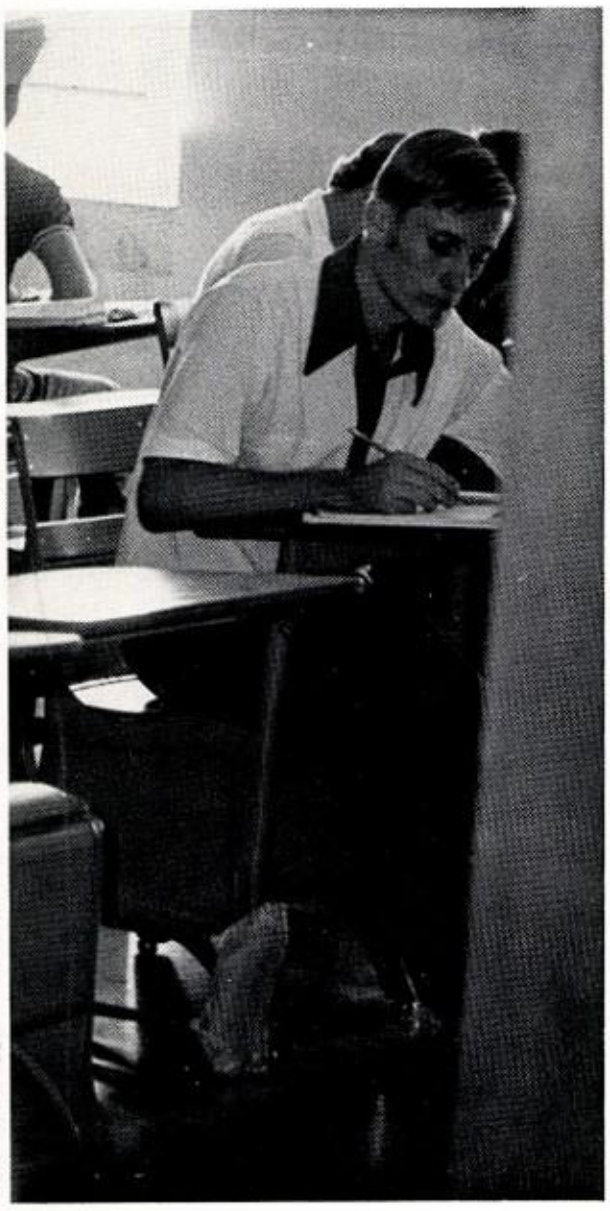


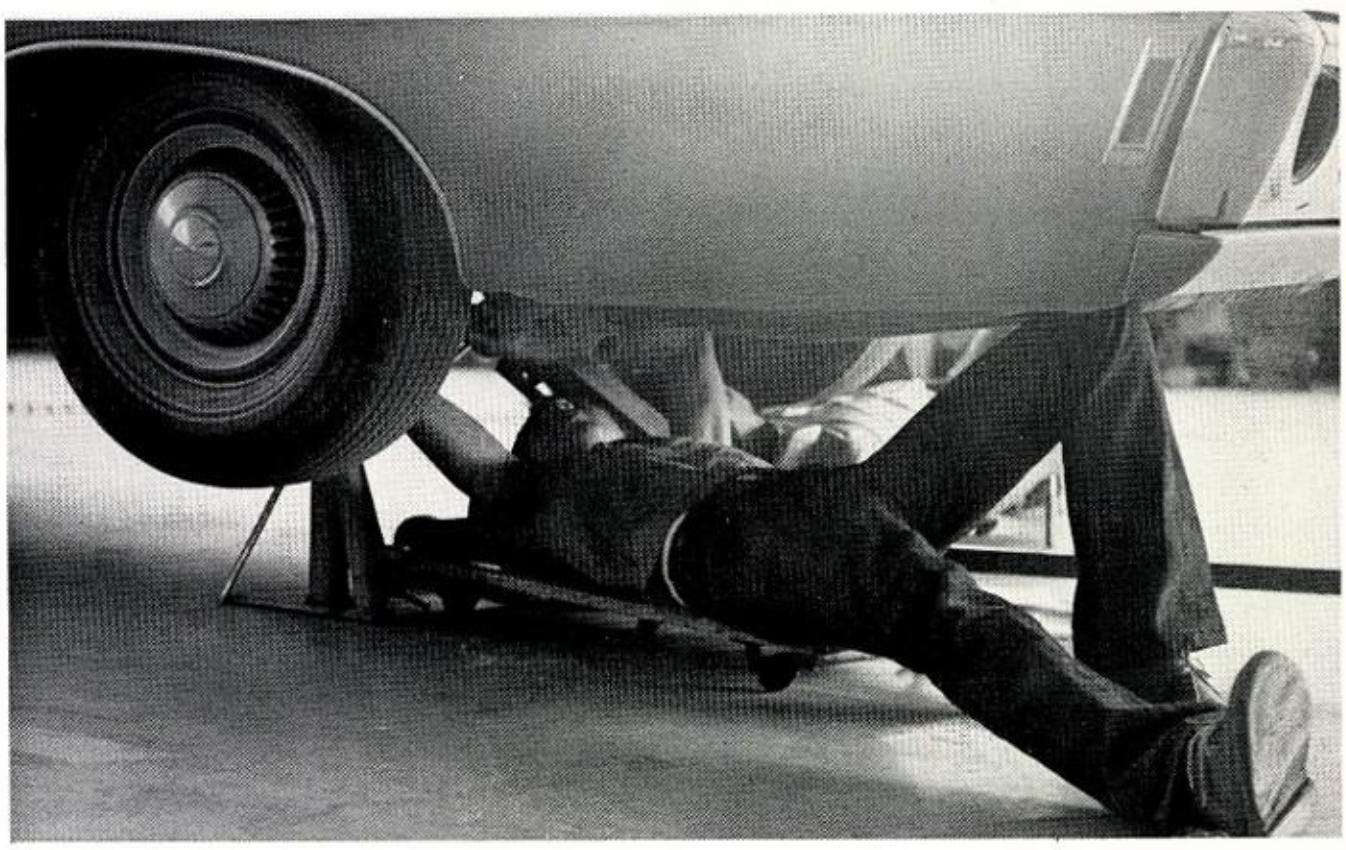
# AN EIGHT HOUR DAY

# THERE'S A TIME FOR WORK



Work is the basic element of school, but seldom
tedious and hard:
Decorating the football bus,
Working on a newspaper deadline for the Tiger,
Directing the band and seeing that it is in
perfect alignment,
Dressing-up the halls as a means of spirit by the
Student Council,
Working on homework,
and repairing a car in auto
mechanics class,
are just some of the work which is packed into
eight hours by students and teachers.





# GOIN' BAND FROM TIGERLAND

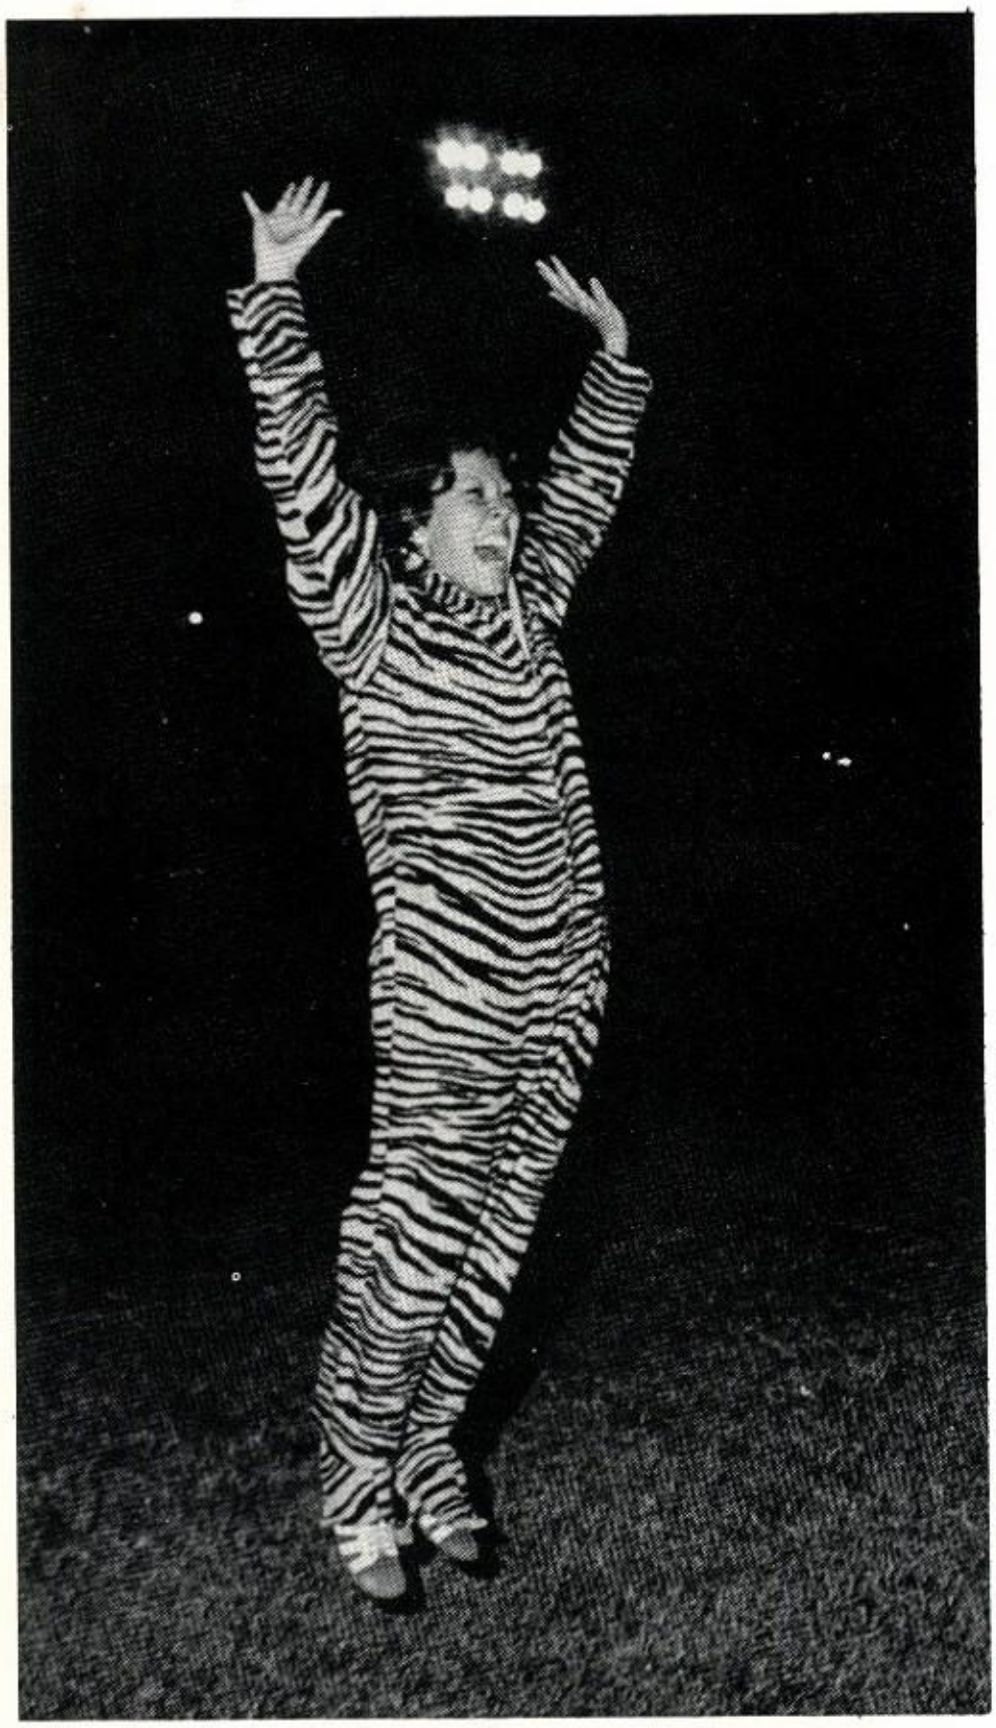
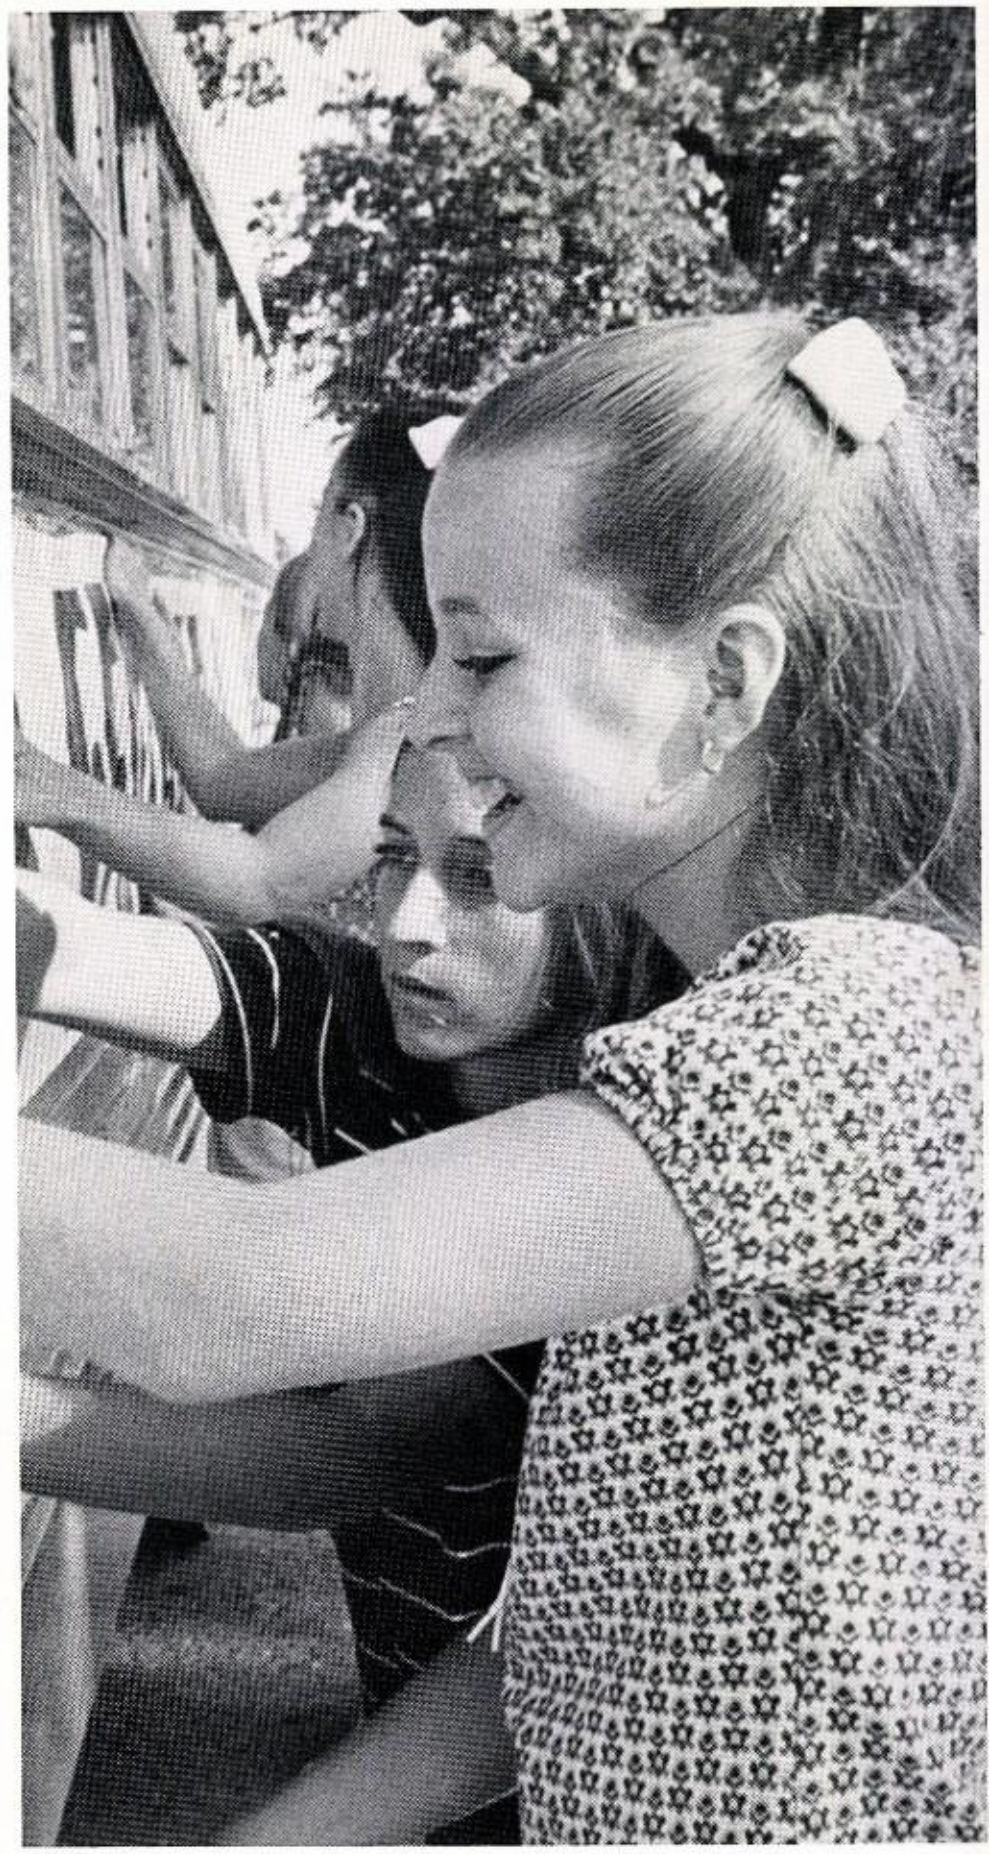
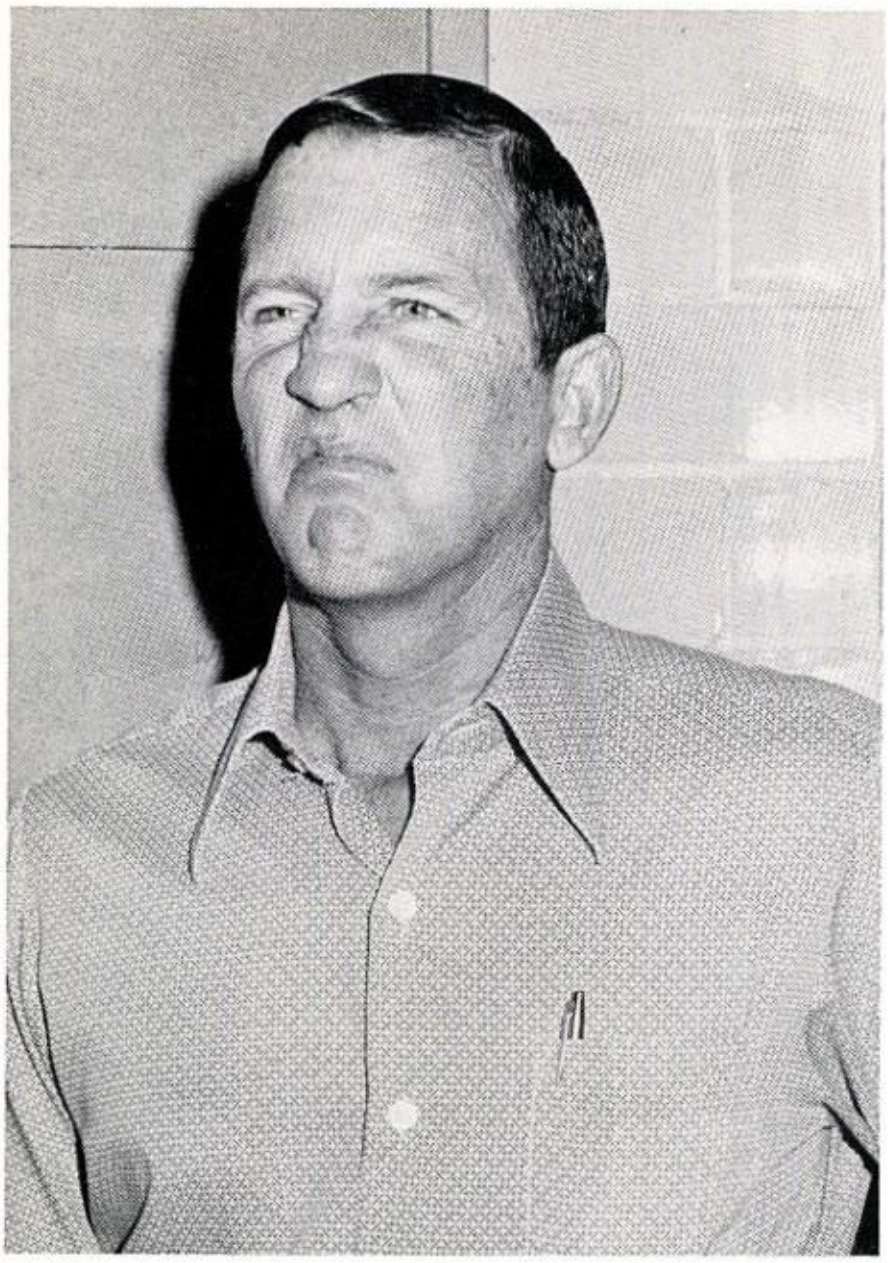
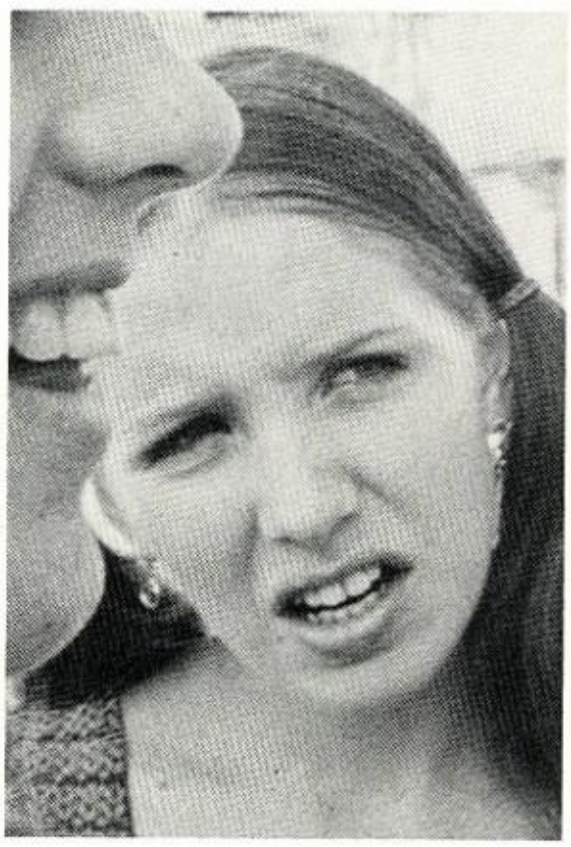
# THERE'S A TIME FOR EXPRESSION

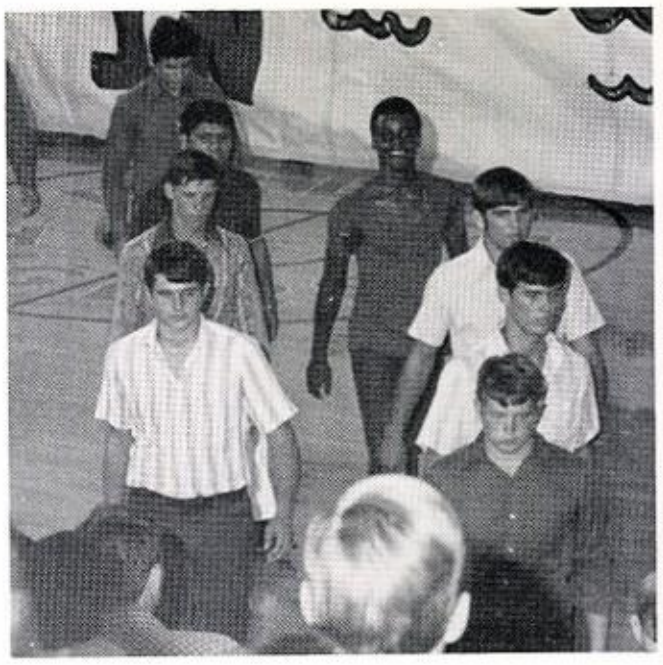
Expressions are an evidence of life.
The excitement of a victory march,
The fun of decorating the "Tiger Special"
with those special names in mind,
Disguist
Sheer boredom,
Cheering the Tigers on to victory at the
pep rally,
Gayety,
Perplexity, and
numerous others during the school year.



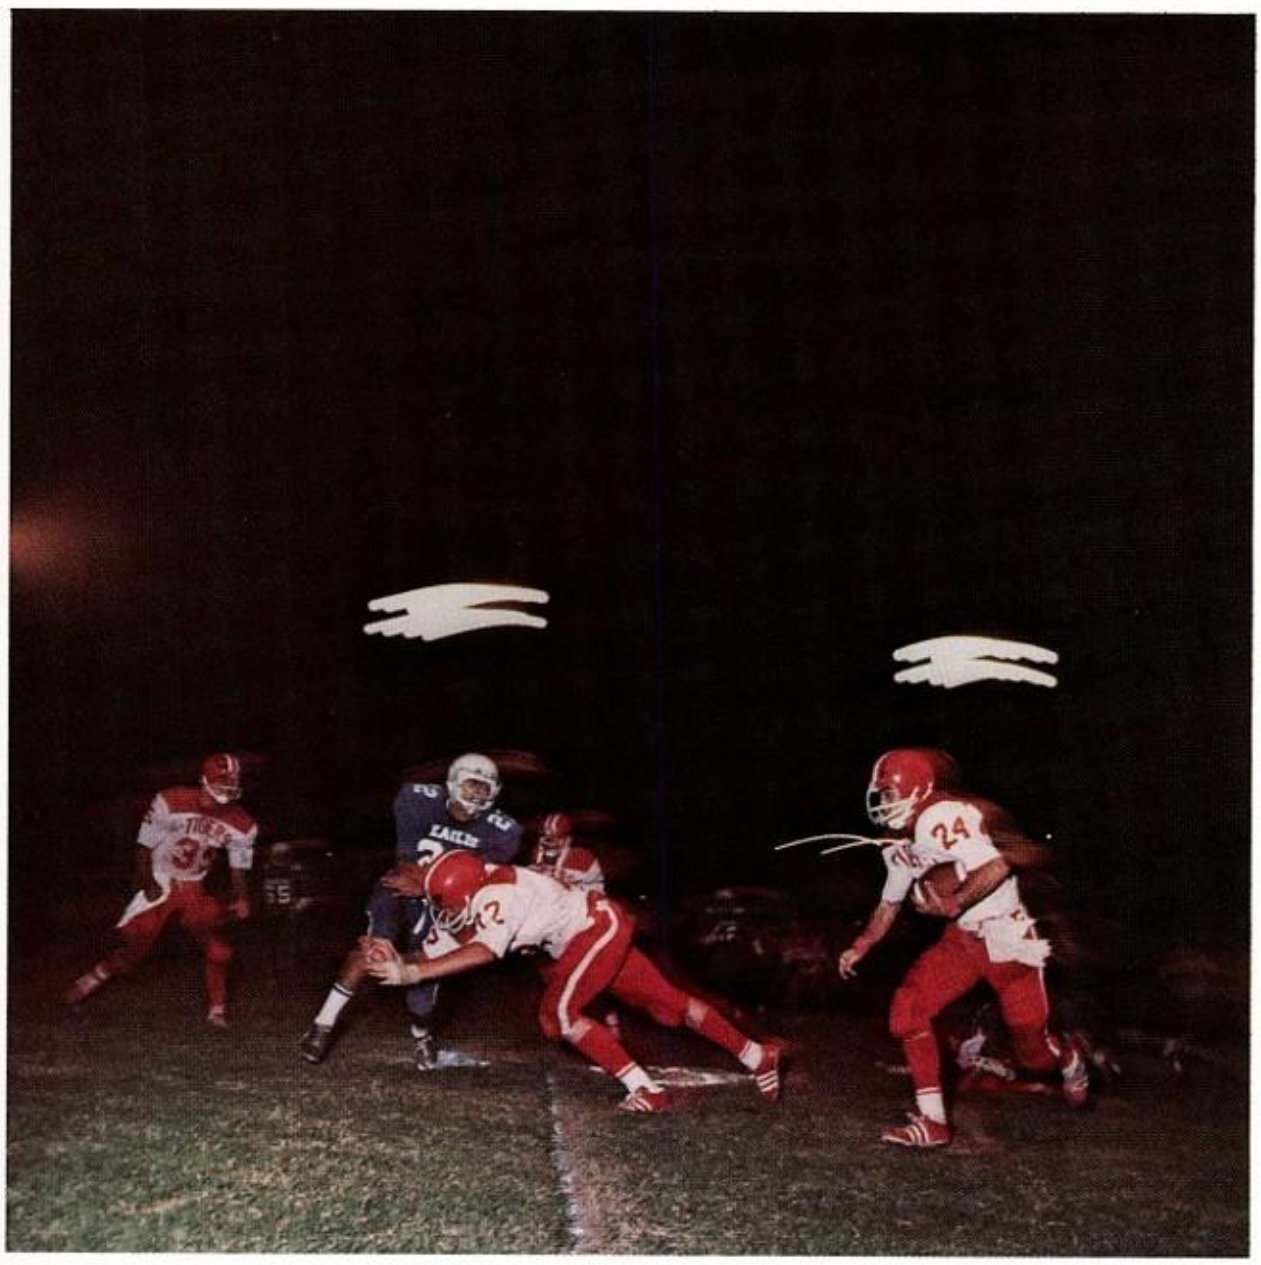








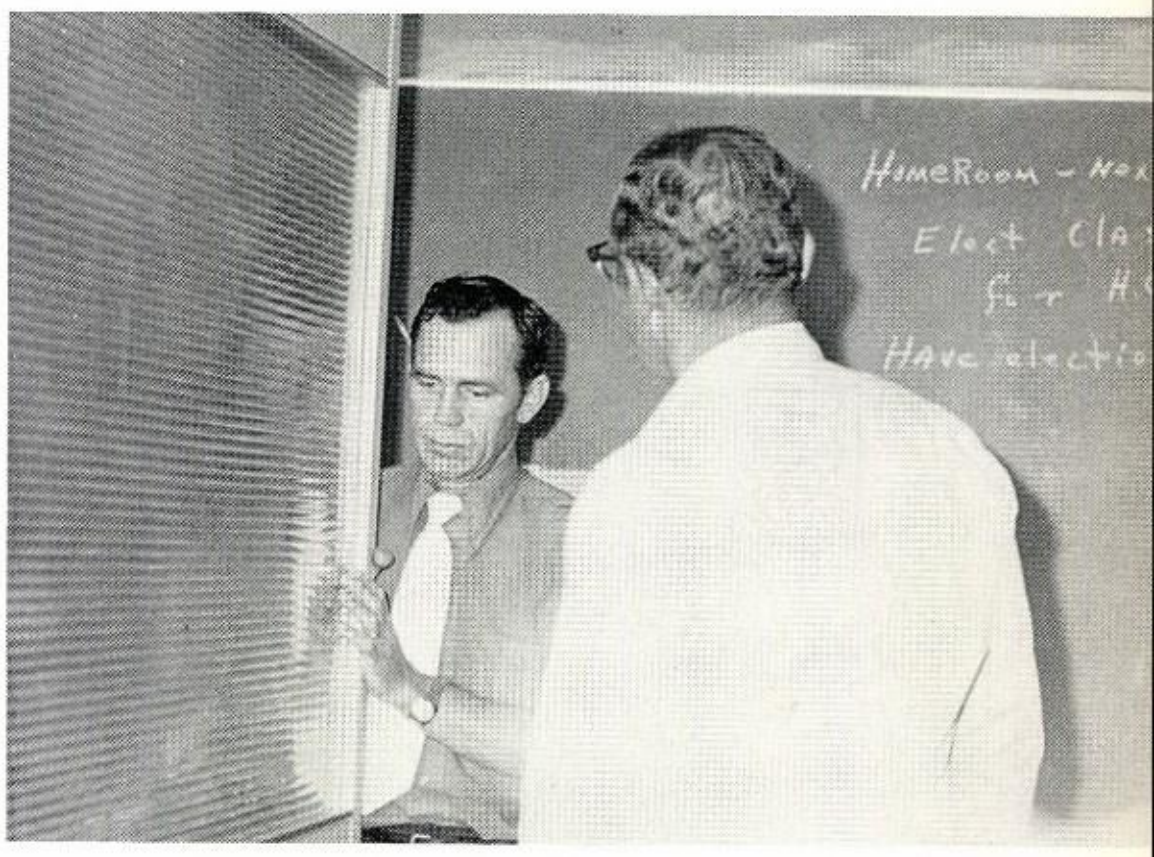
# THERE'S A TIME FOR ATHLETICS



Autumn brings more than just the starting of school. It also marks the beginning of football season. It is an event which brings the entire student body together through the spirit of the game. We're proud of our Big Red Tigers, and this pride keeps our school alive.

# THERE'S A TIME FOR TRADITION . . .

Tradition is what happens year after year,
but isn't
It is fond memories of having fun
and also helping someone.
With TRADITION in mind we see:
the pleasure and excitment of
a victory march,
an enormous, colorful sign later torn to
shreads
These and many other things portray evidences
of TRADITION at B.H.S.



# AND A TIME FOR CHANGE

The year 1973 was a year of change in many aspects. Tiger Stadium was renovated with additional seating and a new electric scoreboard. A new girls counselor and new quarters for both counselors were added. A new auto mechanics teacher was one of several new high school staff members acquired.

# THERE'S A TIME FOR REMEMBERING

If the material recorded here brings to you, now and in later years, fond memories, and presents to you a complete story of one year of your high school life

this of 1973

then our purpose in publishing this edition of our annual has been fulfilled.

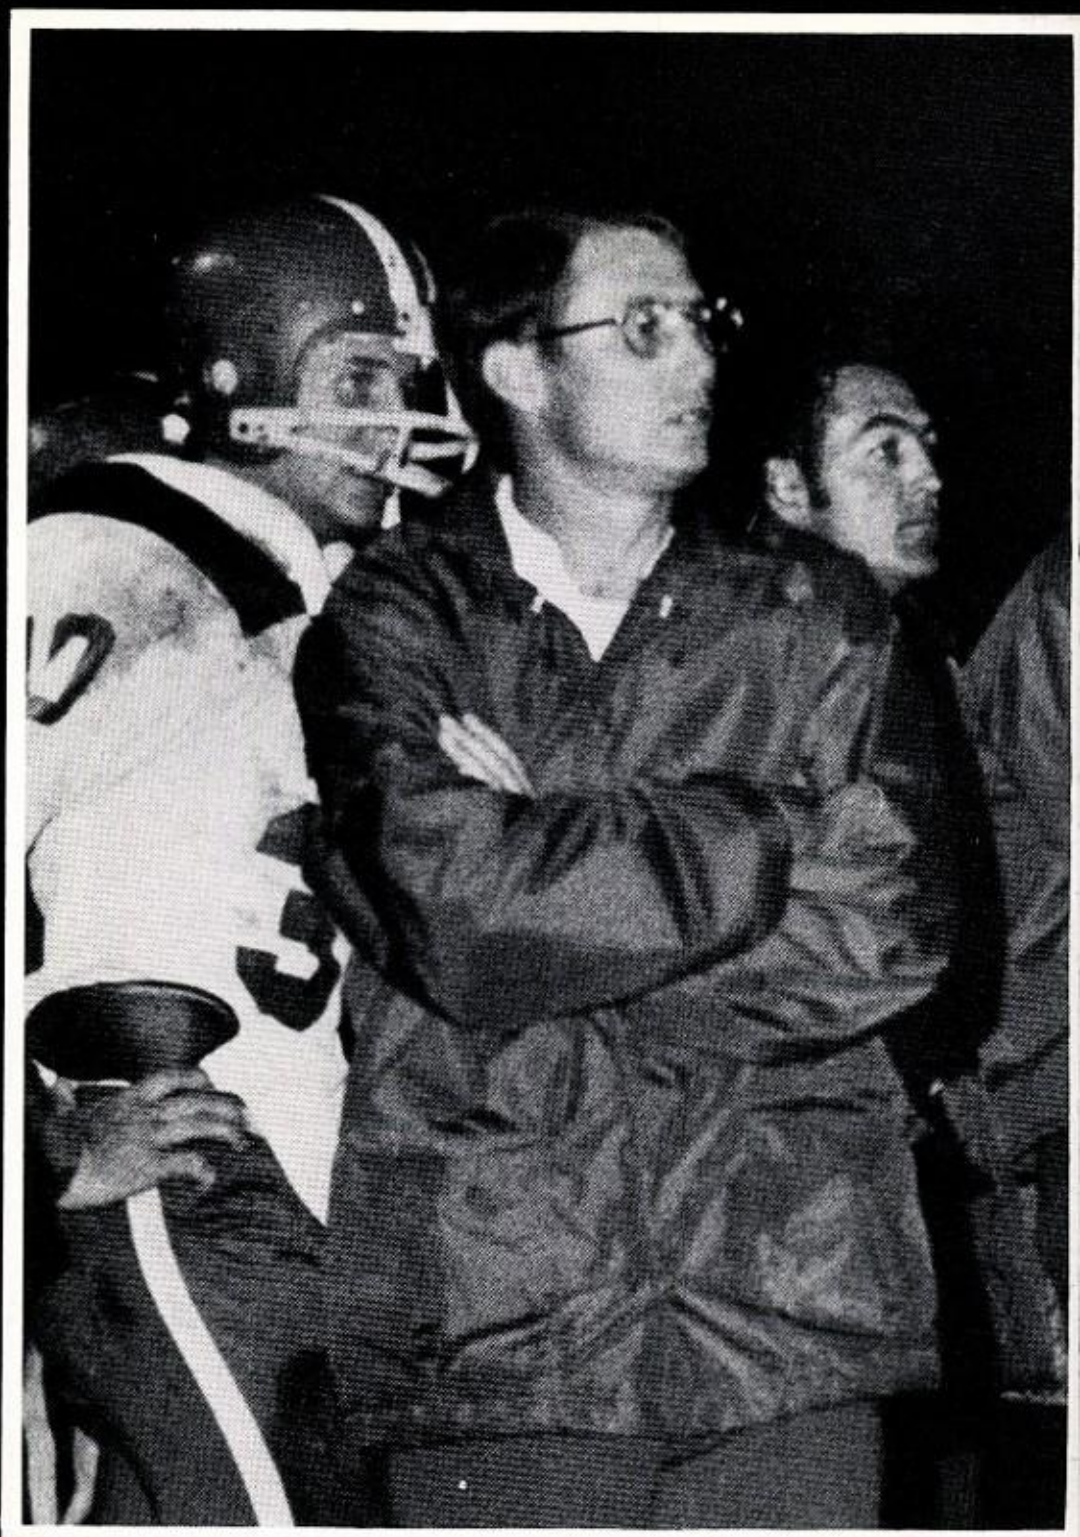
SPORTS

## PRE-SEASON ROUNDUP

The Belton Tigers opened the football season with their pre-season games. These were:

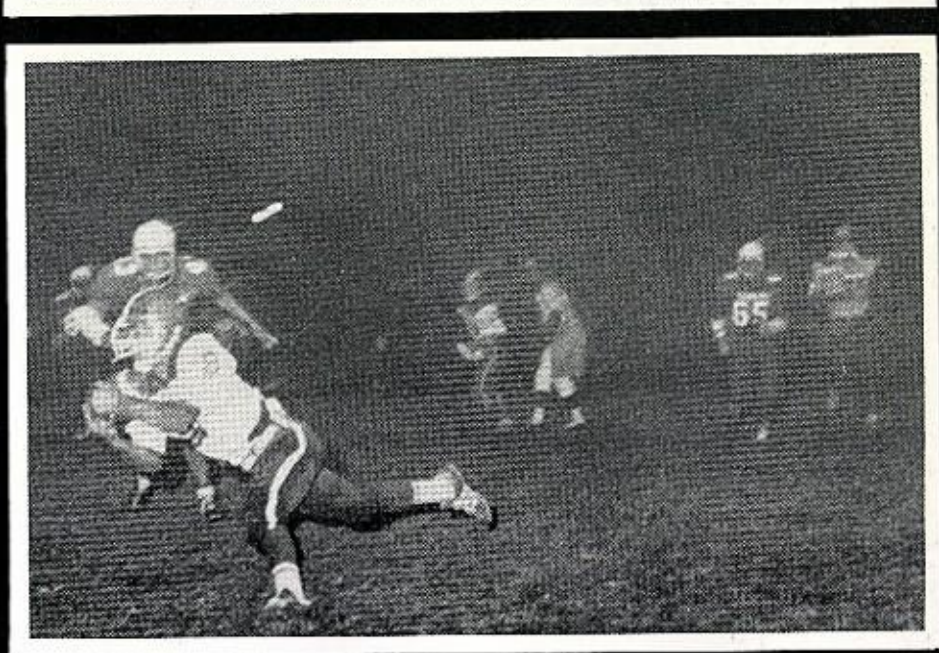
| Opponents | Big Red |
|---|---|
| MIDWAY 20 | 18 |
| TAYLOR 20 | 7 |
| LOCKHART 22 | 38 |
| ROCKDALE 0 | 24 |
| GEORGETOWN 0 | 22 |
| DEL VALLE 0 | 41 |

Shown at the right are coaches McKee and Brooks who are concentrating on the game. The Midway game opened the season with many fans of Belton's BIG RED TIGERS. The Tigers lost their first two games, but the Tigers never give up no matter how many times they are beaten. This is exactly what the Big Red did with the Lockhart Lions. They glazed by the Lions with a 38-22 victory. This led to more than one victory; they won ZONE, and DISTRICT. Pre-season is just a time to warm up for real action.



Shown above is Big Red's Line with possession of the ball as usual. The opponents are the Taylor Ducks.

Above Clayton Brantley "24" is shown running through Lion territory for a first down.

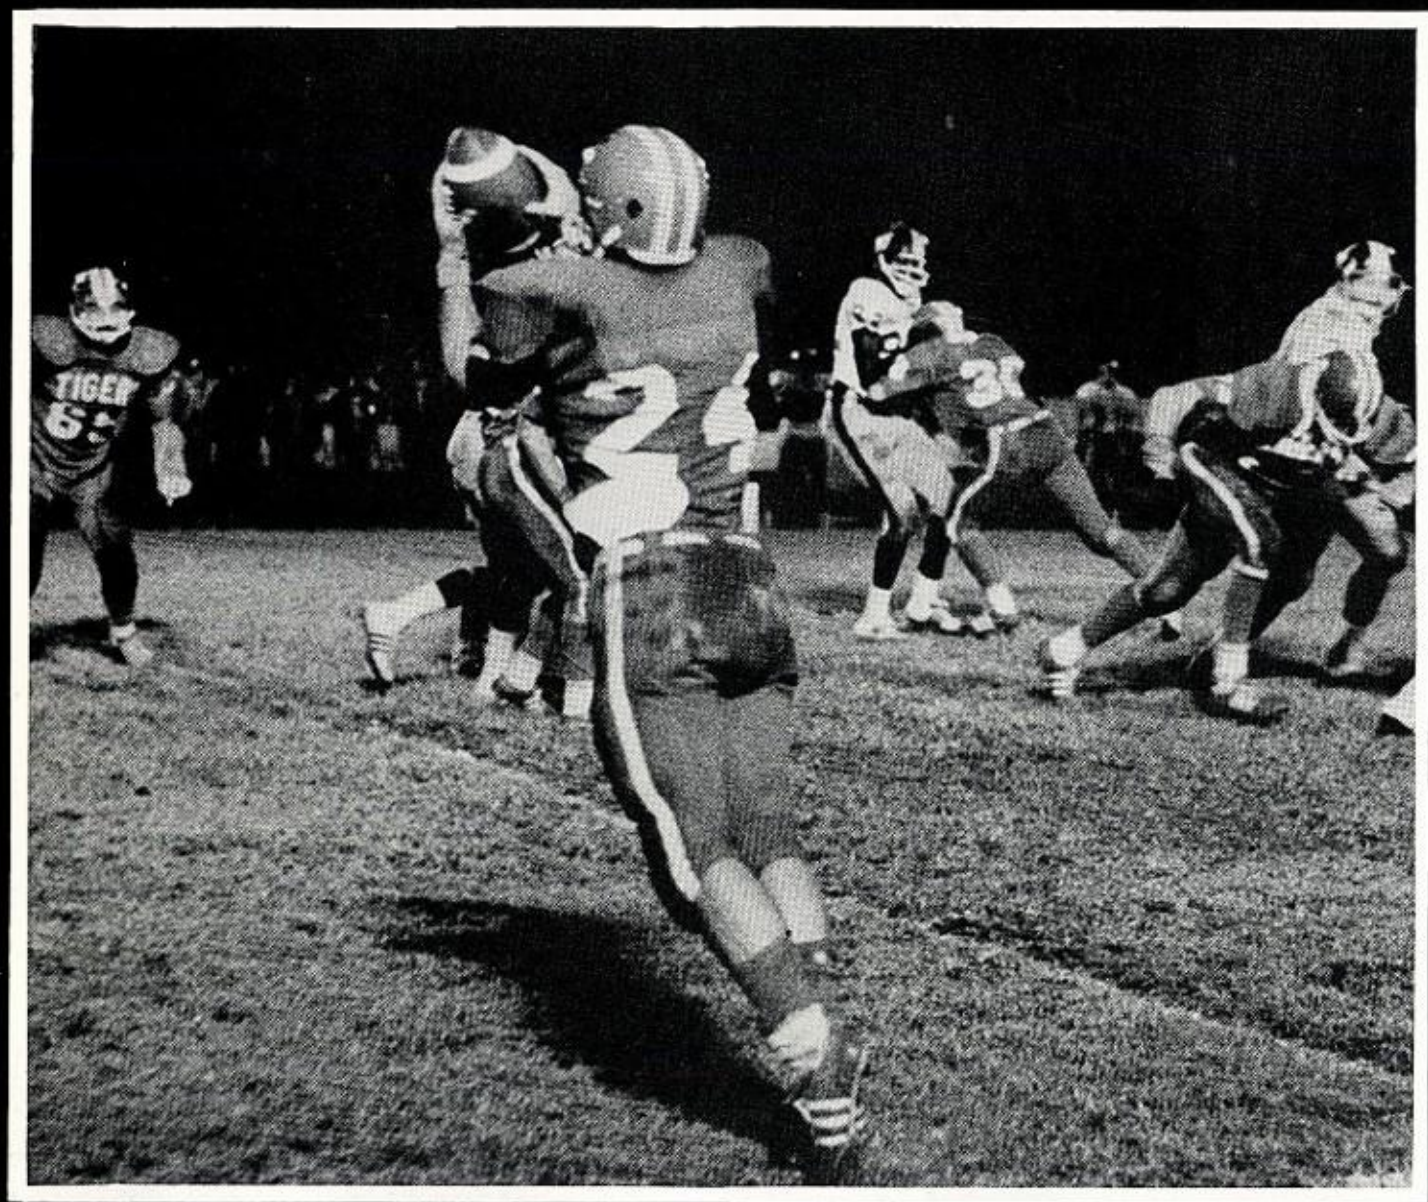


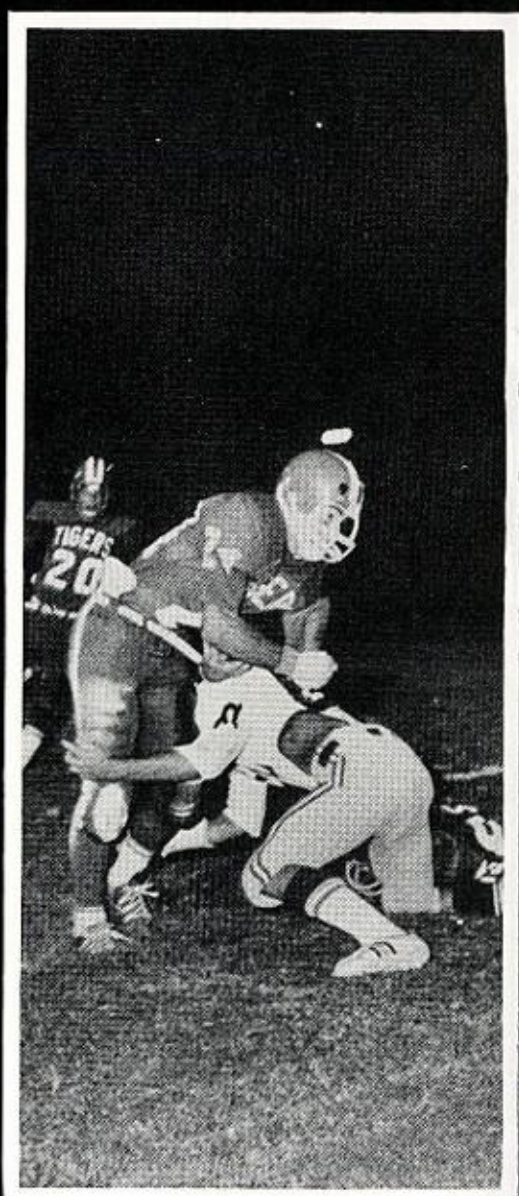
The Big Red Tigers played three hard-pushing teams. Top left is a mass rush for the ball at the Rockdale game which Red won 24-0. Top right is Grant Critchfield "17" running for the first touchdown of the night.

Center is shown Mike Miller "8" catching another Crawford pass at the Georgetown game. The Big Red clobbered the Eagles 22-0.

Bottom is Clayton Brantley "24" catching the ball for another first down in the Del Valle game which the Tigers won 41-0.

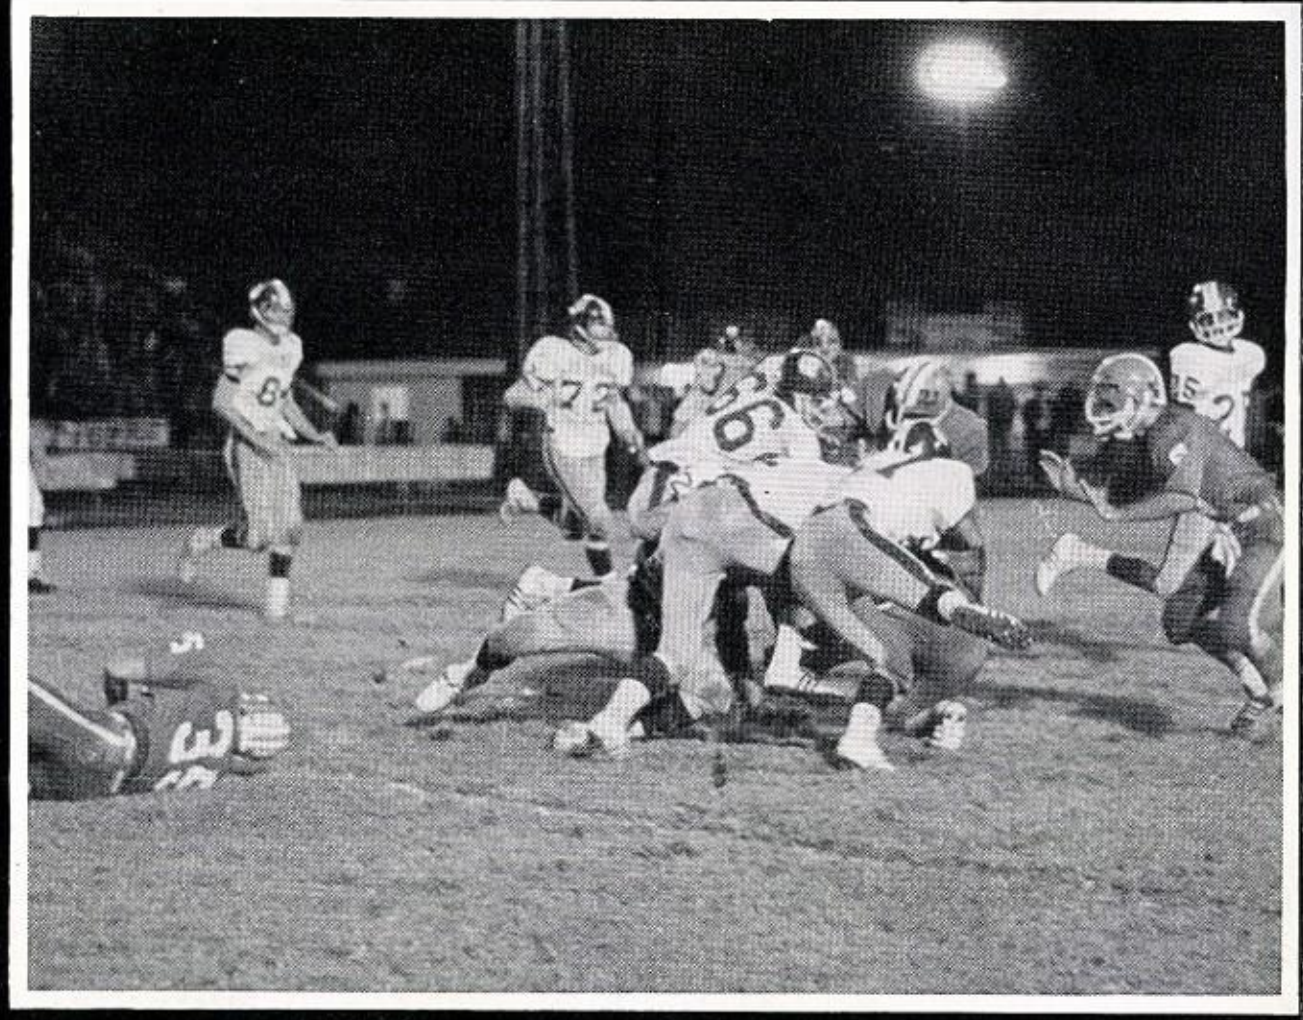
# BELTON LACES LOCKHART 41-0





Big Red made it two in a row for the district openers. The Tigers whipped the Lions 41-0, just as they had done previously. In the first half alone, Belton had reached twenty-eight of its point. Clayton Brantley made four of the touchdowns, and Golden Legs kicked the extra points.

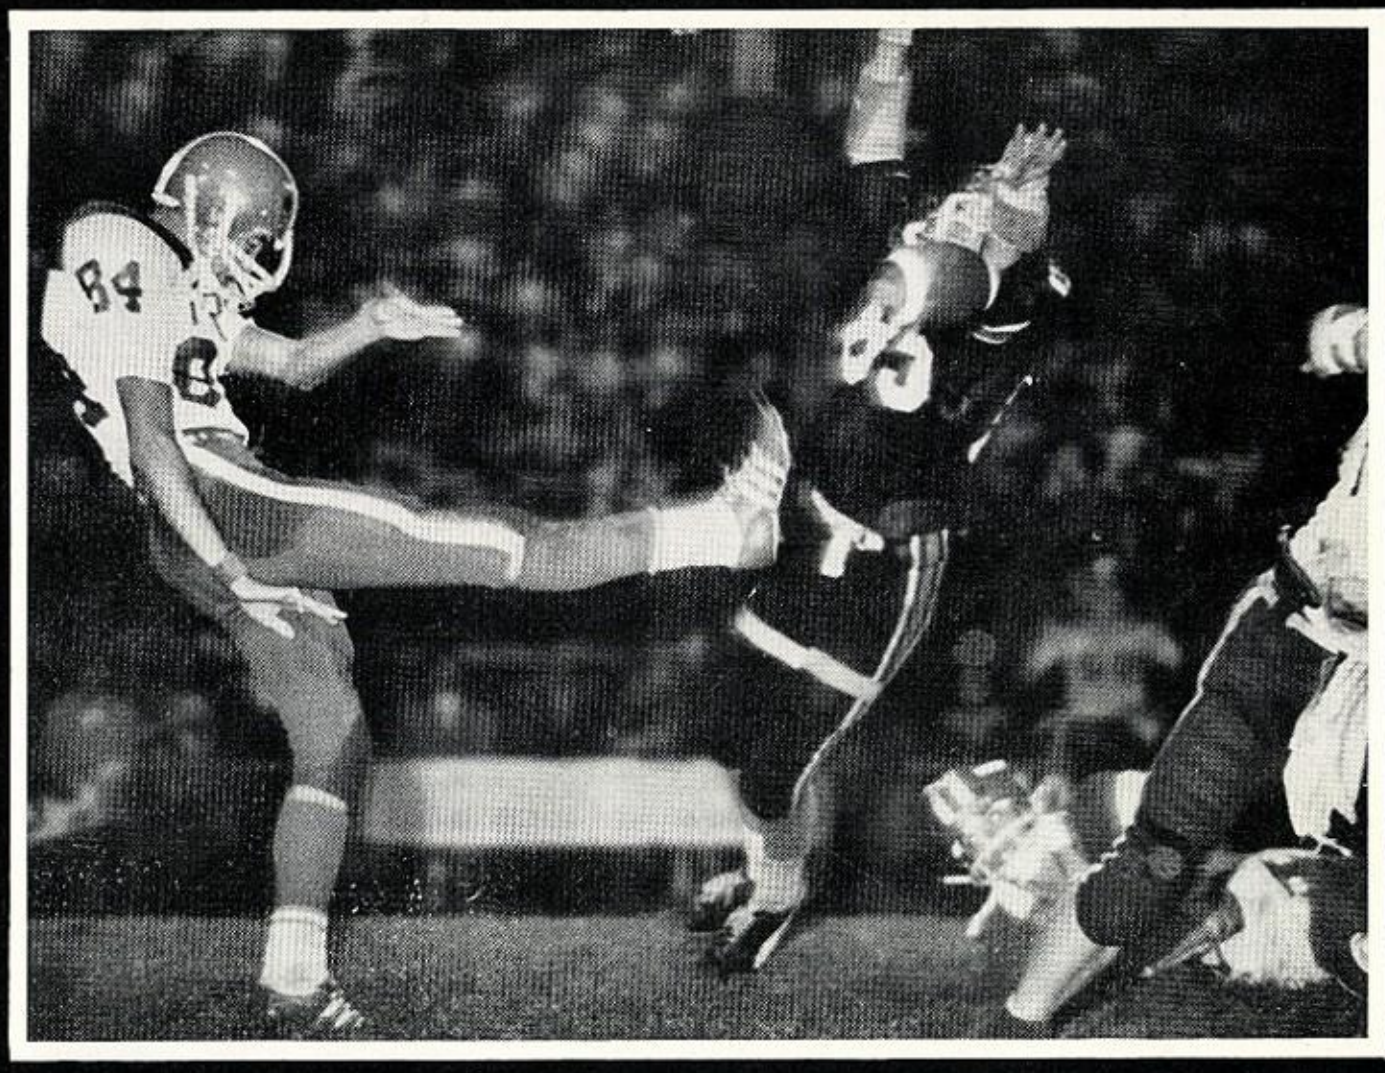
# BELTON BOMBS COVE 35-0

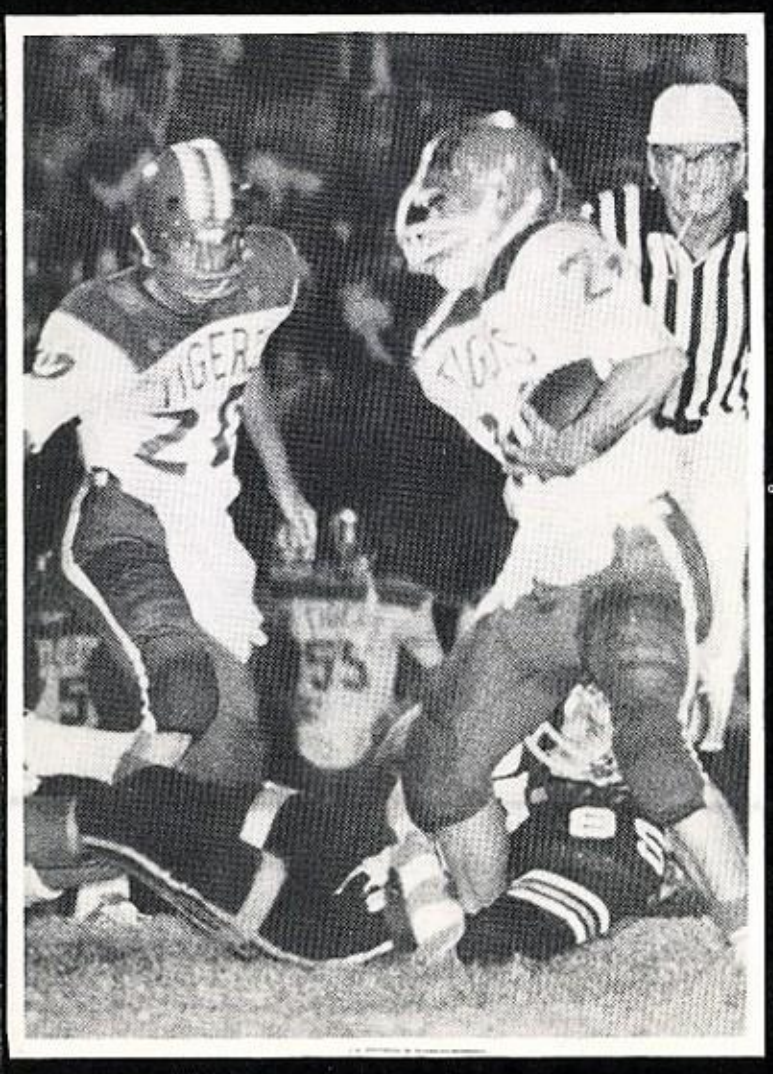


Also, in the first half Belton had three-fourths of their total points, with Brantley once again coming on strong. Other Tigers making points were David Murray, Joe Lindeman, and Ted Williams. The final score was Belton 35, Bulldogs, 0.

# BIG RED LEVELS THE HORNETS: 13-6

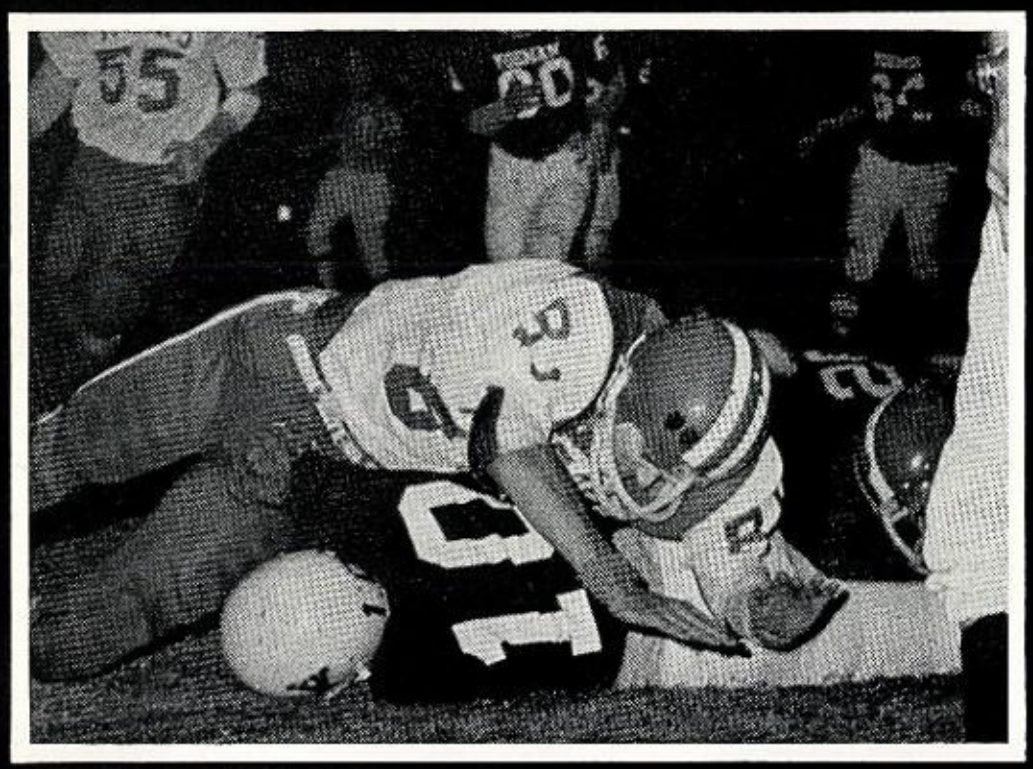
The Big Red broke the ice early in the first quarter, when Clayton Brantley scored the first touchdown of the night. Shown right is James Norman "84" kicking the ball at the first of the game. Shown bottom left is Clayton "24" struggling to get free from a Hornet, after James Crawford "20" passed a fake pass to him. Shown bottom right are Harry and Barry Wilson two very favorite people of Belton High School. The Gatesville game was dedicated to Harry because of his freak accident a year ago that game. Harry is still one of the nicest people at the High School, and we all love and appreciate both Harry and Barry very much.





# ZONE CHAMPS
# BELTON SLIDES BY CAMERON 14-6

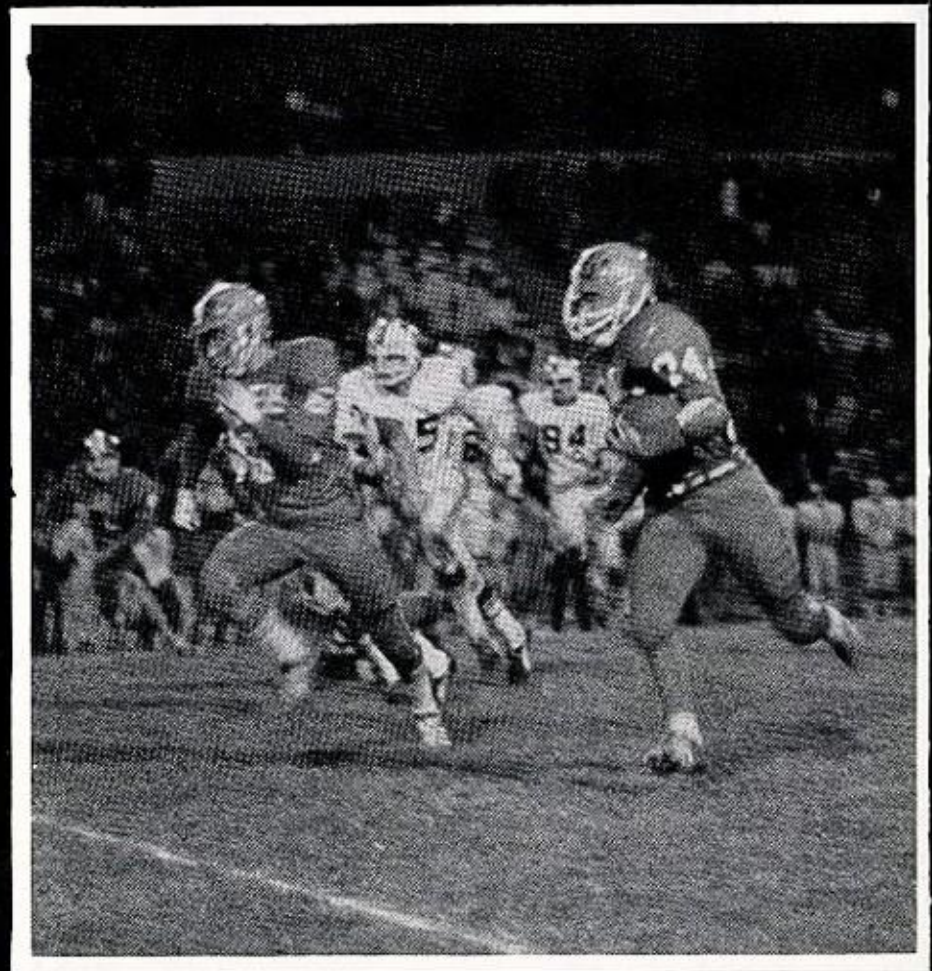
The Big Red Tigers came out on top in the contest for ZONE CHAMPS against the Cameron Yoeman. Shown below is Alan Carlisle "81" making an important tackle for the Big Red. This was one of the most important games, and one of the hardest games the Tigers have played. Left is Carlisle knocking another Yoeman down.



# DISTRICT CHAMPS
# BELTON EDGES TAYLOR 7-6

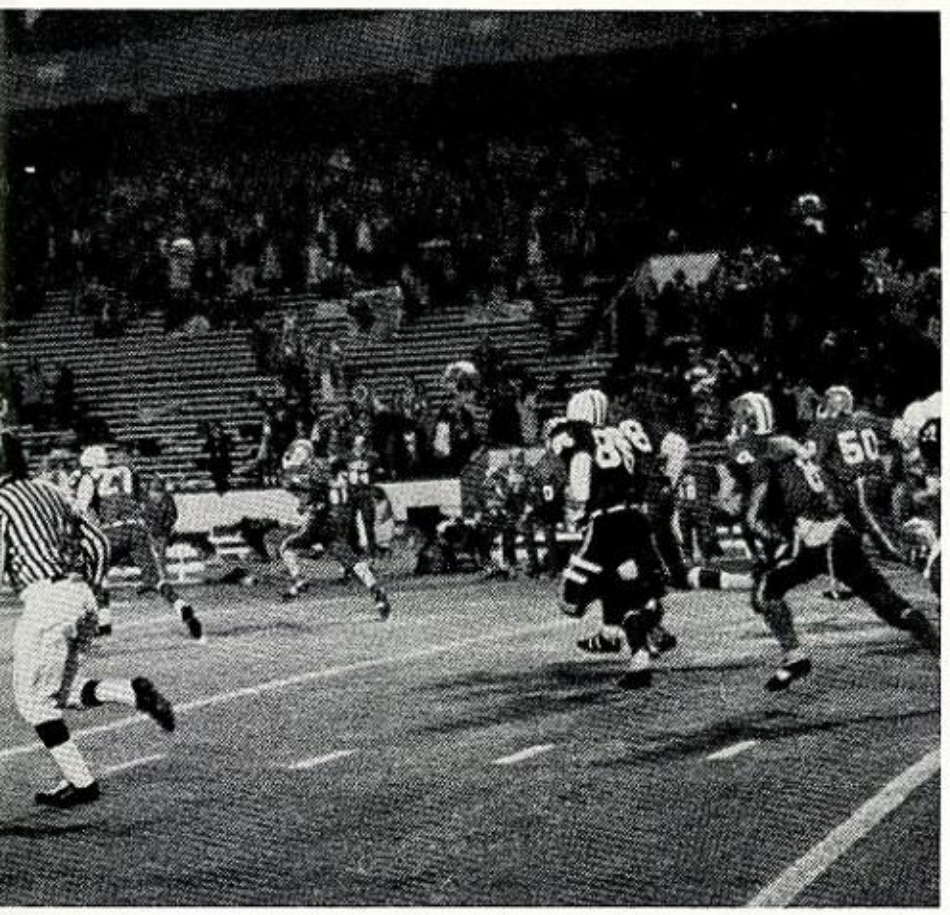
One of the most exciting games Big Red played this year, was the battle for the title of DISTRICT CHAMPS, which the Tigers won by a one point margin. This was a rivalry between two hard pushing teams. Big Red showed their determination by beating the Ducks.

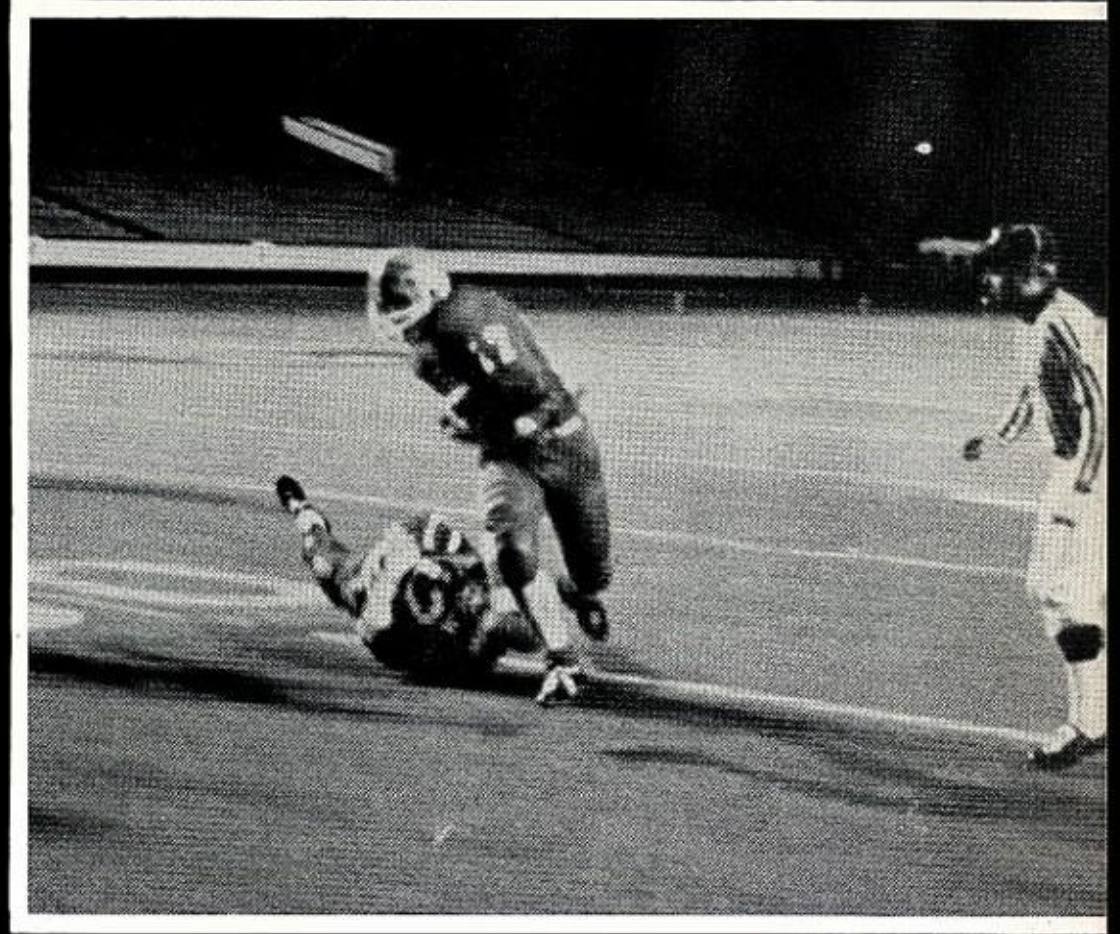
Shown above is a swarm of Tigers running for the ball after the Ducks had fumbled.

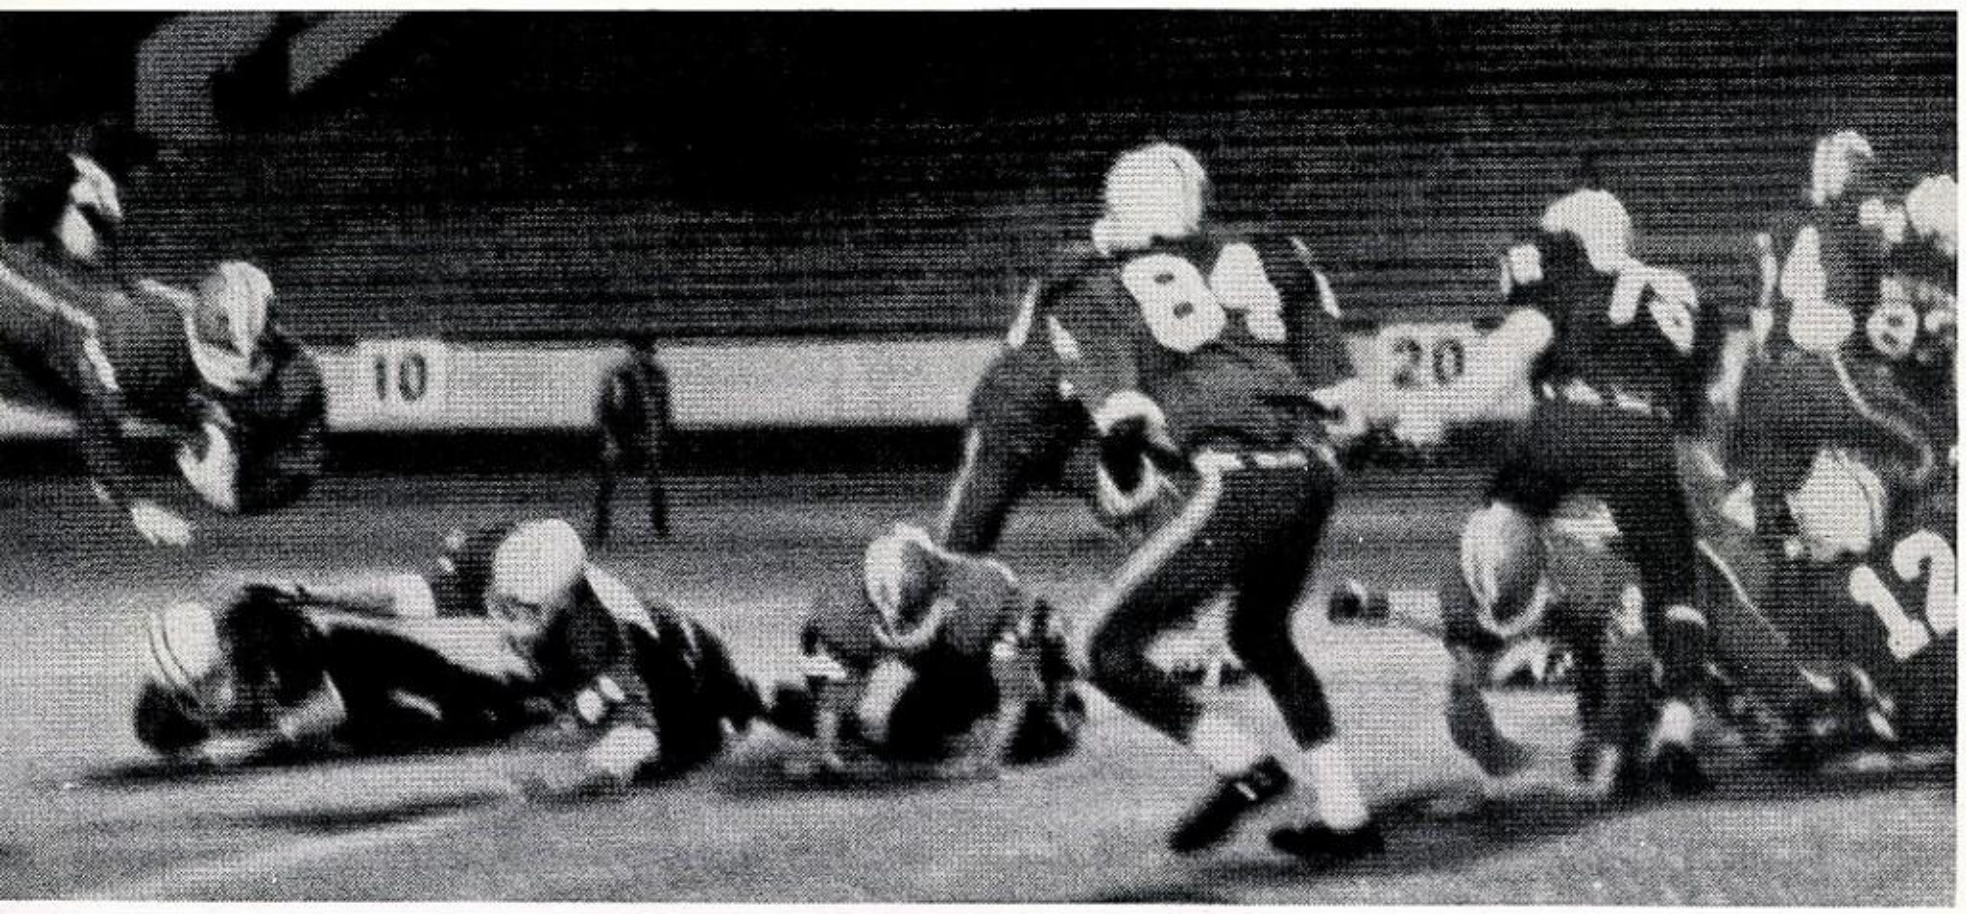


Above is "64" Robert Dominguez, and "24" Clayton Brantley running for a touchdown.

# BELTON FALLS SHORT OF BI-DISTRICT 10-14







Belton's Big Red played the toughest game of the season against Brenham. Even though the Tigers were outweighed on the field, the determination of each player enabled them to feel number one as the stunned Brenham Cubs left the field with a victory but knowing they had played ball. Each player on the field and off had an important part in the game as this was the last game of the season for the seniors. They will always remember the years they were Big Red Tigers and the times in which they felt sorrow and the times they felt pride. This was one of the best games Big Red had played, this year. They need not be ashamed or disappointed by this game, because they will always know that the school and the administration, of Belton are behind them 100%. The Belton-Brenham game was played on Kyle field, home of the fighting Texas Aggies. About 6,000 fans of the Big Red Tigers were there. They traveled the 90 mile trip to see the fighting Tigers play ball in which they got their money worth.

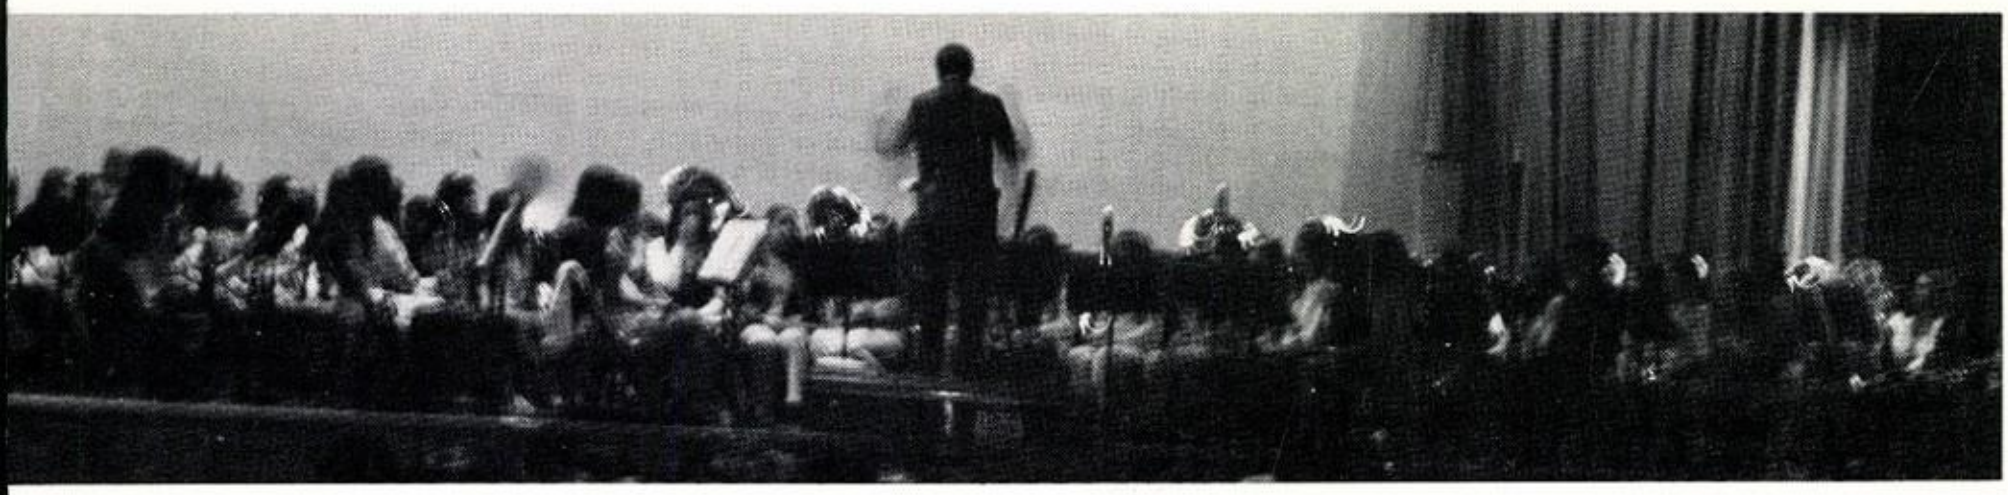
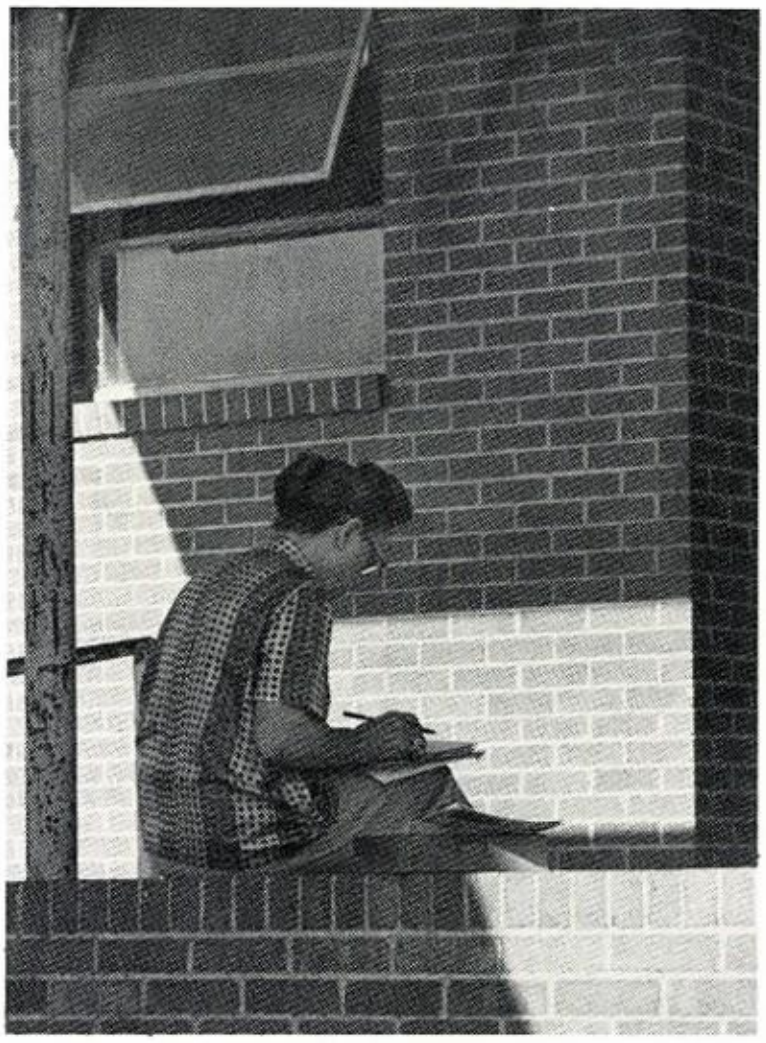
# SPIRIT IS SHOWN BY ALL TEACHERS AND STUDENTS

SPIRIT—the main objective of students and teachers during football season was especially prevelant with the conclusion of the 1973 season. One of the most spirited teachers was a newcomer to Belton High School, Mrs. Lolita Karriker, the art teacher. Mrs. Karriker and Mrs. Lilla Barnes were of special interest during the pep rally and at the game against Taylor for district champs. The P.E. girls were in charge of decorating for the indoor pep rallies, which added the final touch to send the Tigers to become district champs. Mrs. Karriker is shown with her daughter, Sharon, sending off the Big Red Tigers to become district champs at an outdoor pep rally. The P.E. girls' classes decorated the gym utilizing crepe paper streamers and signs. Holding the banner which they made themselves, are Mrs. Karriker and Mrs. Barnes.



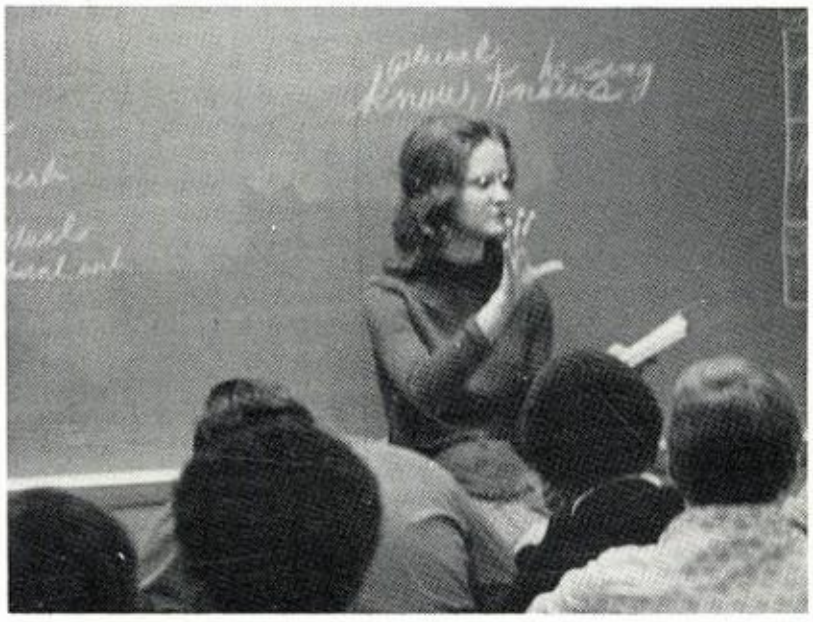


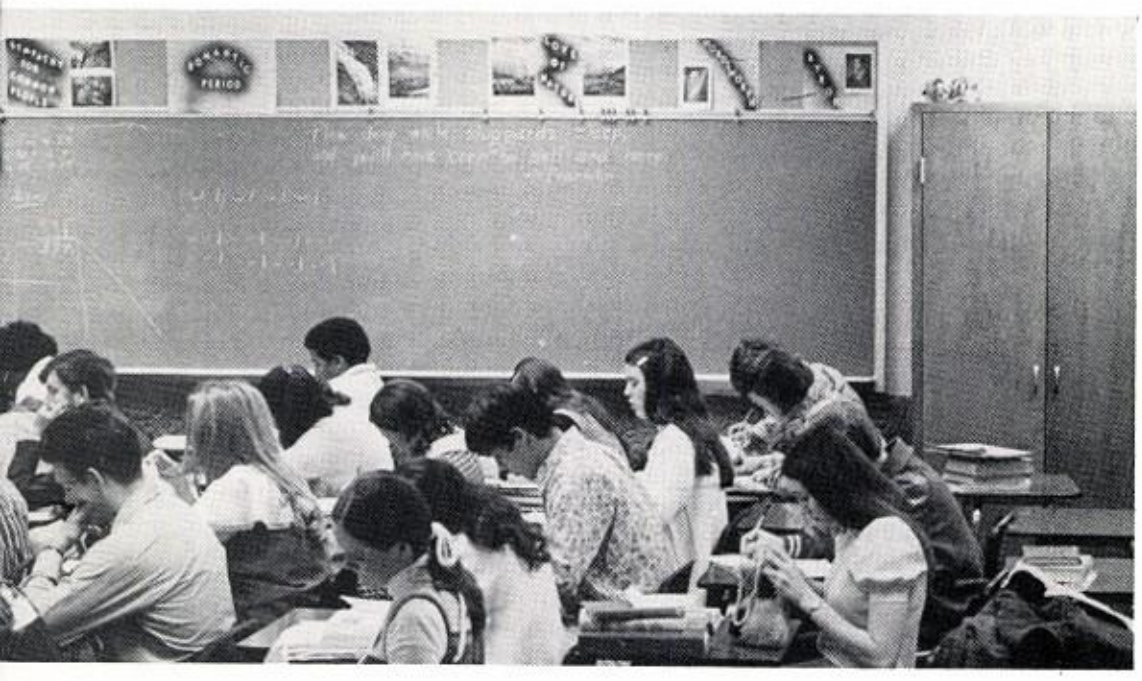
# TEACHERS AND ADMINISTRATIVE STAFF— BASIS OF LEARNING

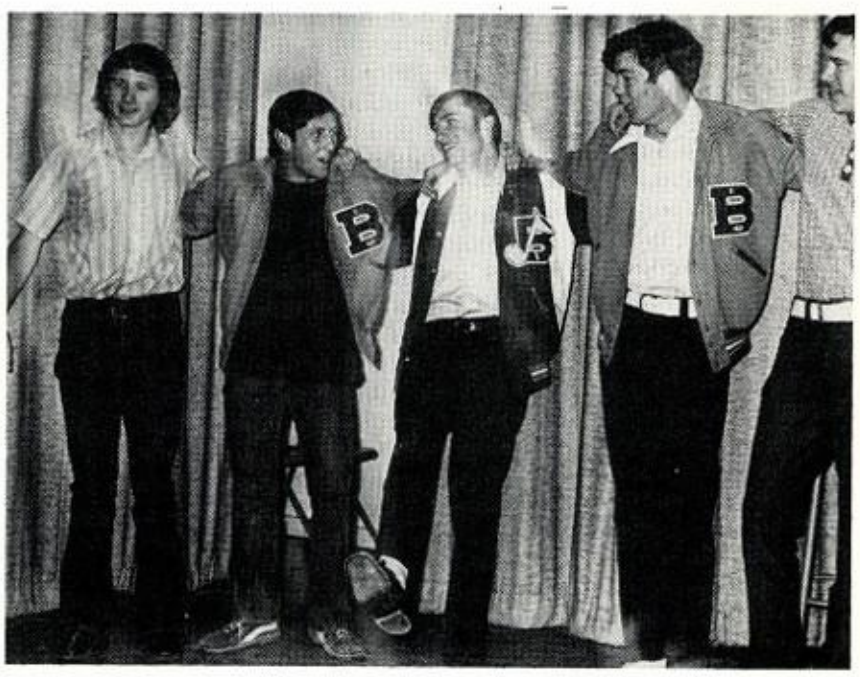
Education would be lost if it were not for the administrative staff and faculty, and Belton High School has some of the best. Richard Crain, director of the "Goin' Band From Tigerland" is considered in Belton to be as great a musician as Shostacovich. Mrs. Louise Barnes, supervisor of the English Department, uses the most modern skills for teaching, such as earphones. Mrs. Geraldine Hitt utilizes direct sunshine as she grades her midterm examinations while on duty. Considered one of the most modern vocational centers for learning, the Vocational Office Educational girls held a coffee for the faculty. One of the newest faces in the office is Sharon Thompson, whose main jobs are registration, attendance, and teacher's lesson plans.

# SCHOOL LIFE IS WORK AND PLAY

Mr. Anderson's chief duties are discipline and signing blue slips. Working in the library as assistants to Mrs. York during second period were Shirley Coleman, Debbie Bird, and Marva Livingston. Entered in the U.I.L. competition in number sense was Cheryl Lawson. Sue Eddmondson worked in the library on a term paper for English. Office girls during second period were seniors, Charolette Button, Paula Pirtle, and Paula Tulloch working on the absentee lists.







Janet Kerley is surprised at being photographed while eating lunch.

Mrs. Donna Carpenter enjoys teaching English, sewing and reading.

Mrs. Kitty Burton and Joann Alford take a break from work.

Reading Wordsworth's poetry is a requirement in Mrs. Barnes' English IV classes.

The "Minimax" boys rehearse for the Junior Skit.

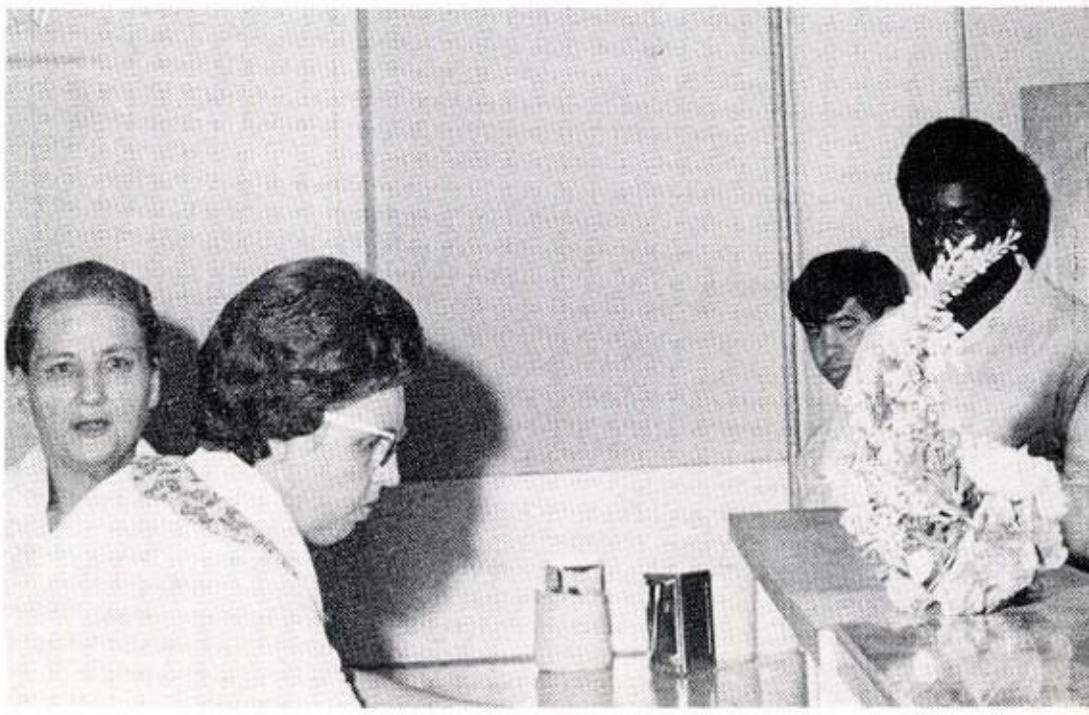
# WORK IS NEVER DONE

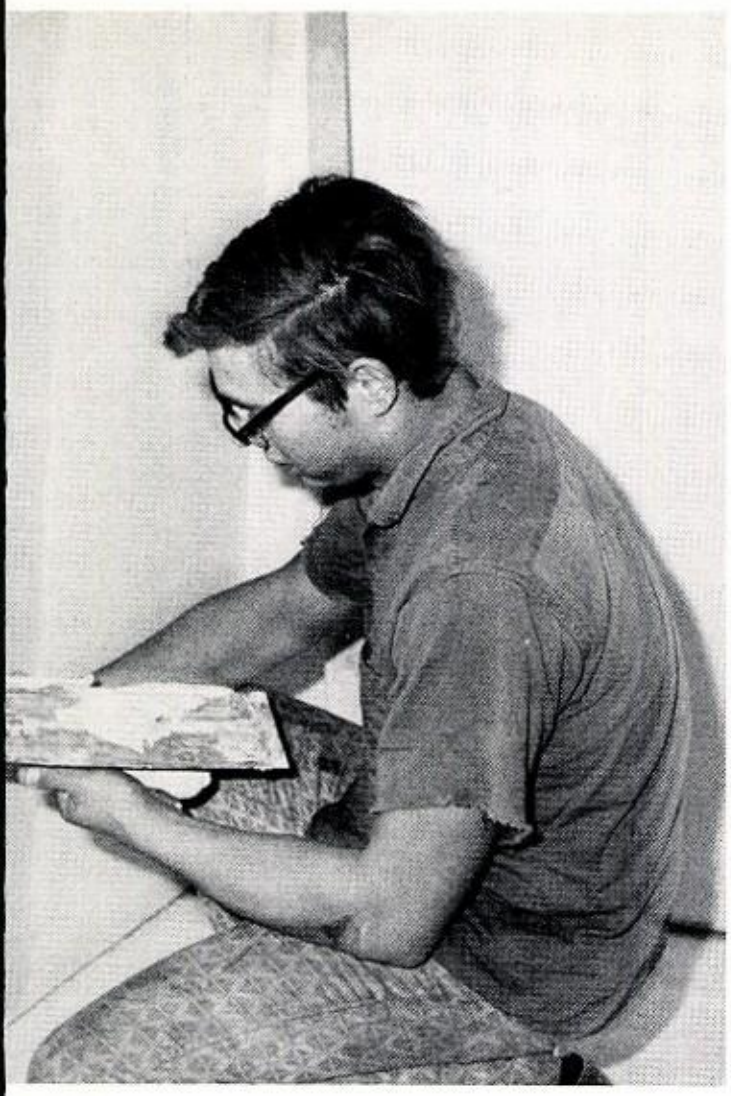
One of the newer courses offered is Parks and Wildlife. Dana Eddleman and Mancel Bolton assist the game biologist with census data.

Without the capabilities of Mark Anderson, Linda Fowler, and Royce Boren, work at BHS would never cease.

Many students surmise that physical education is dull, but this P.E. class shows just the opposite.

Between eleven and one o'clock, the lunchroom is usually full, because of the good food the cooks prepare daily.



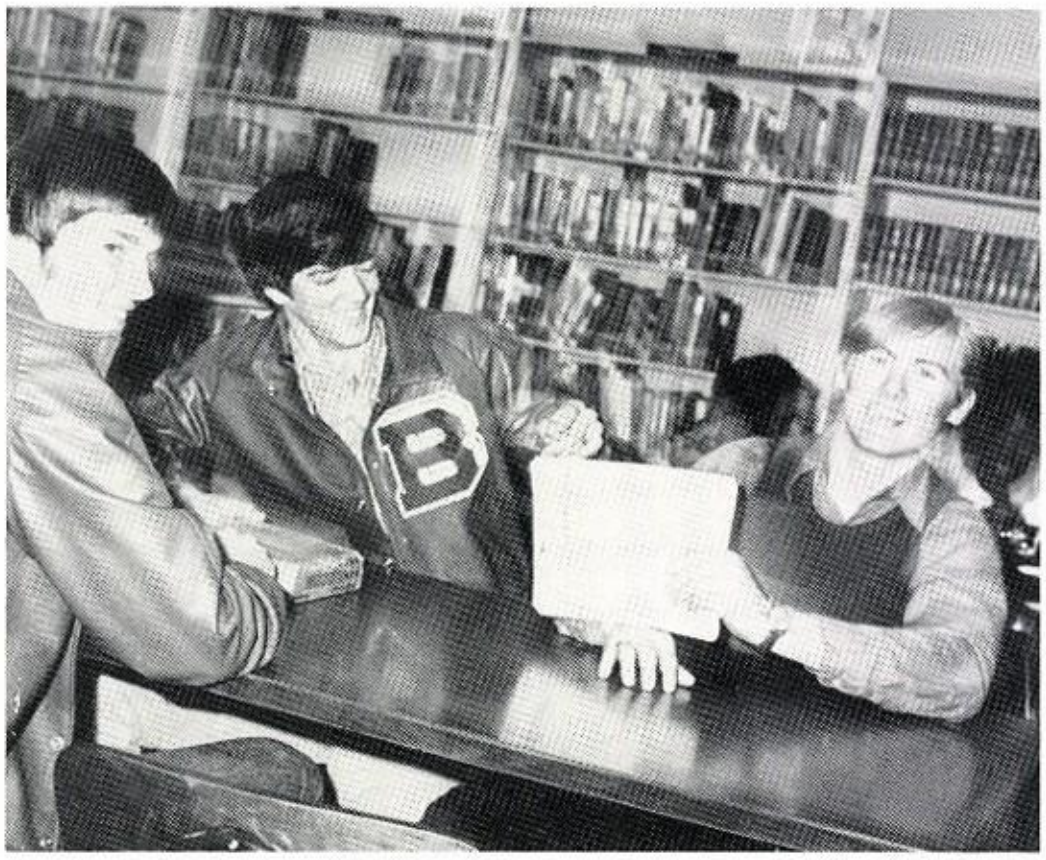


Billy Hopkins is shown putting the finishing touches on one of the houses the Building and Trades built.

The 6th period offices workers, Rhonda and Claudia, are shown checking the yellow slips as they also assist Mrs. Reichert.

Mr. Tomlinson has many duties. Some are talking on the phone, filling up the paper machines, checking up on the annual staff, and helping the students with their registrations.

Mr. Kinsey is teacher of the Building and Trades class this year. He is shown demonstrating proper building methods.
Jim Bode is shown, giving a demonstrative speech on the rocket in Mrs. Heartfield's speech class.



Joe Shepperd, Alan Carlisle, and Jim Bode found various "uses" for the library.

Mancel Bolton contemplates between classes.

Student Council members discuss various business at their meetings.

The teachers find the cafeteria an ideal place to exchange small talk between classes.

The students also find it a good place for the same reason.

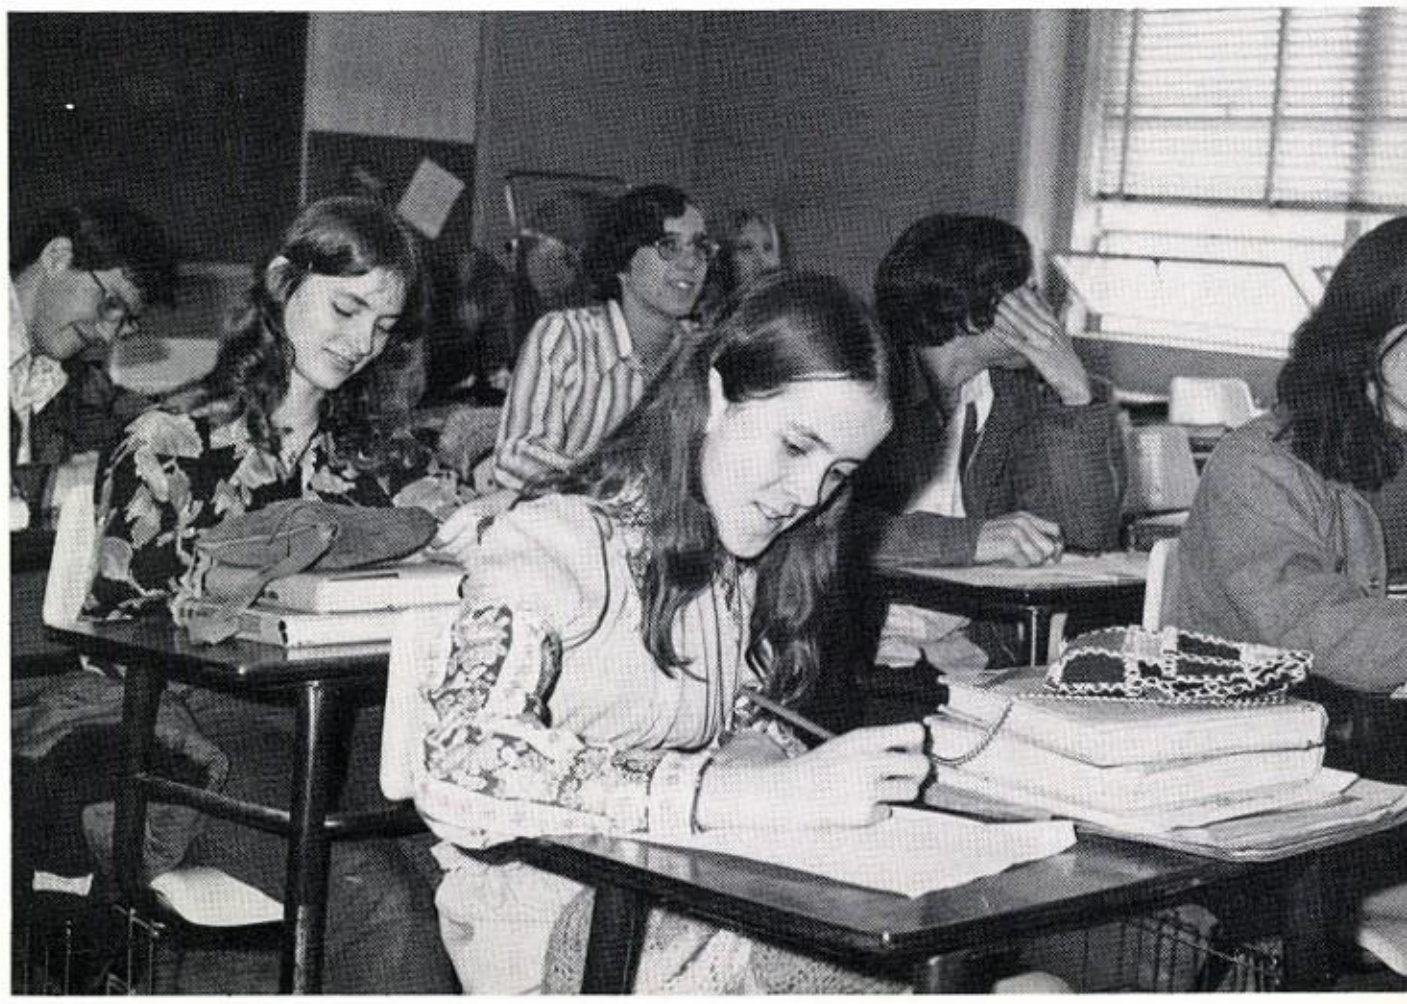
# FRESHMEN SCENES

Two Freshmen muse thoughtfully after a full day at school.

A group of Freshmen sit quietly in homeroom waiting for the bell.

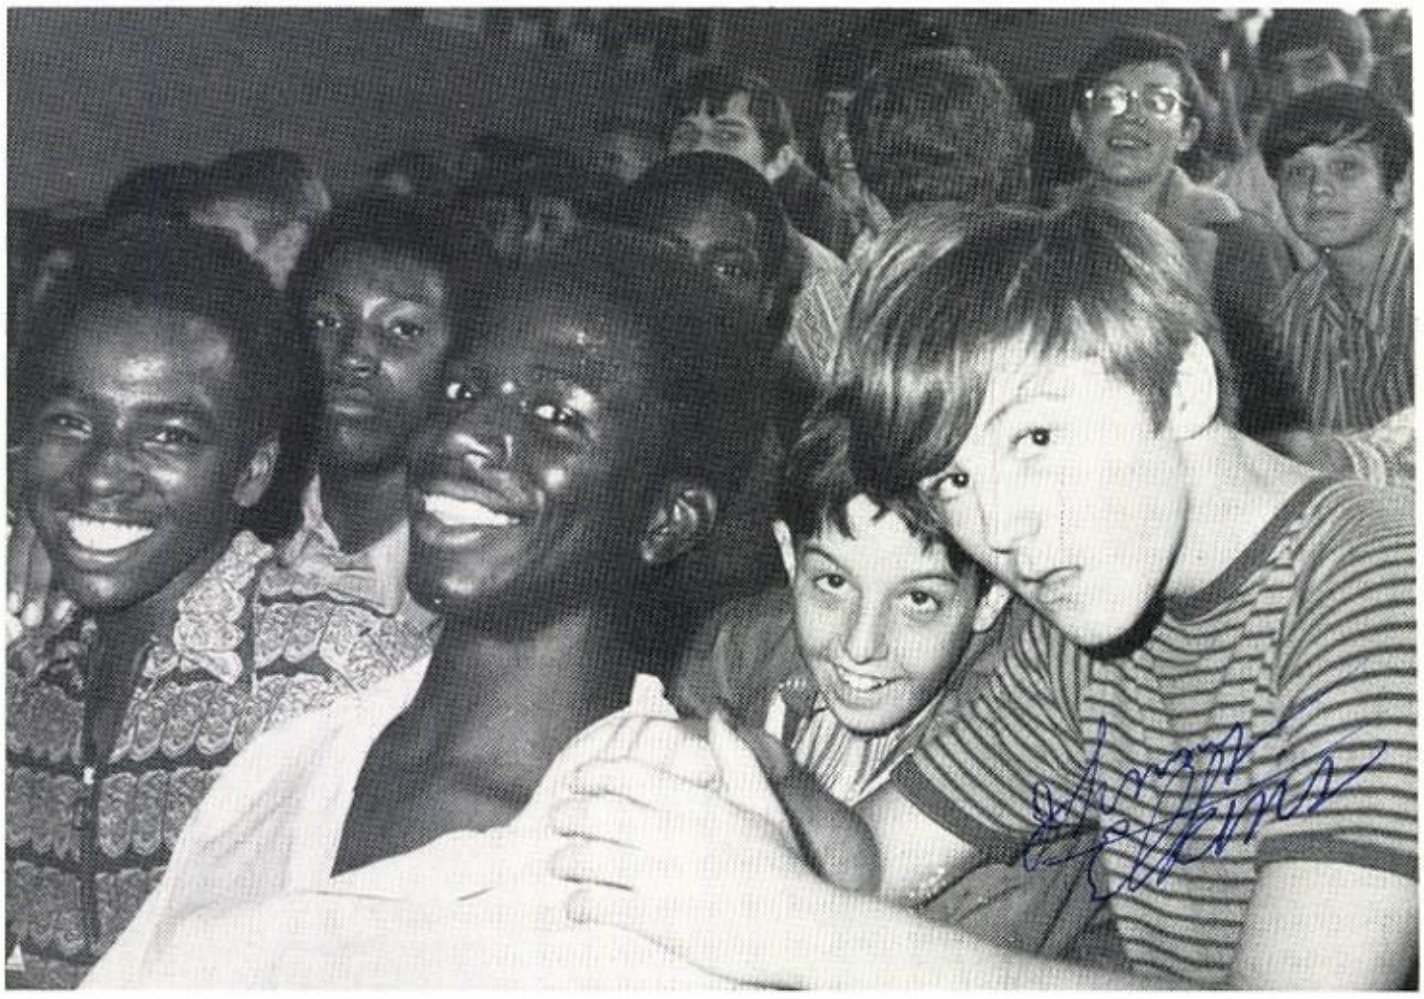
Kathy Meredith leads the Freshmen class in boosting spirit for Big Red.

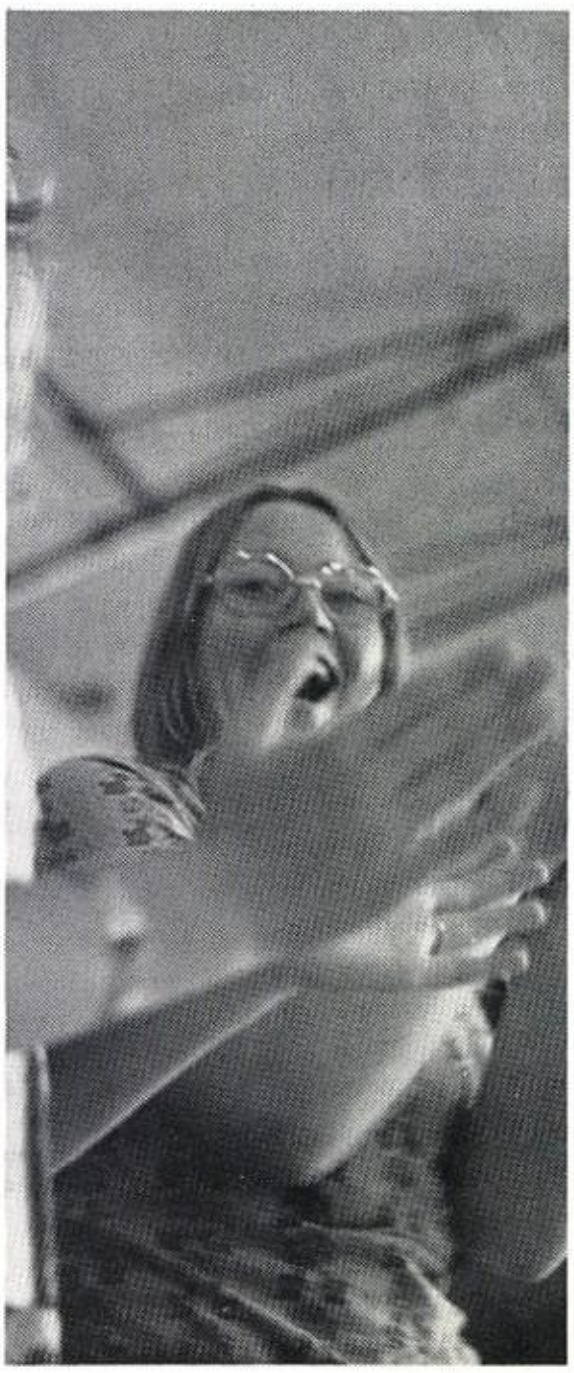
With the involvement of a new environment and harder classes, Freshmen must work even harder than other students.



A freshman displays her resourcefulness in making the most out of her wardrobe; blue jeans converted to a maxi.

B.H.S. has many happy students.





# FRESHMEN GET ACQUAINTED

SNOW! An unexpected treat on campus which was enjoyed by all.

An English I class starts the day off right for these Frosh.

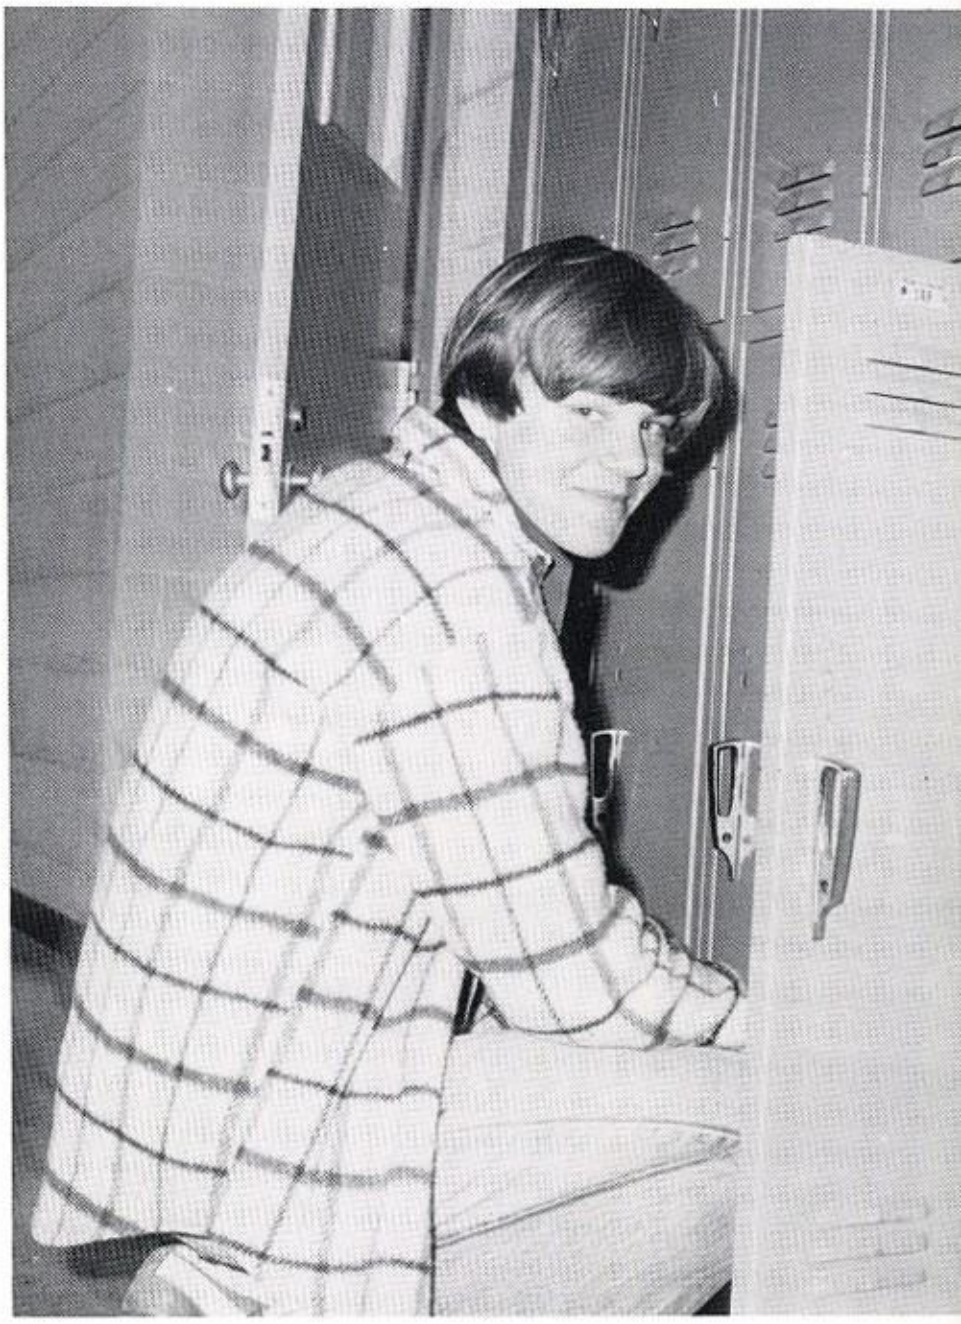
Clap your hands and smile; a pep rally is fun for all.

# SOPHOMORES UNWIND

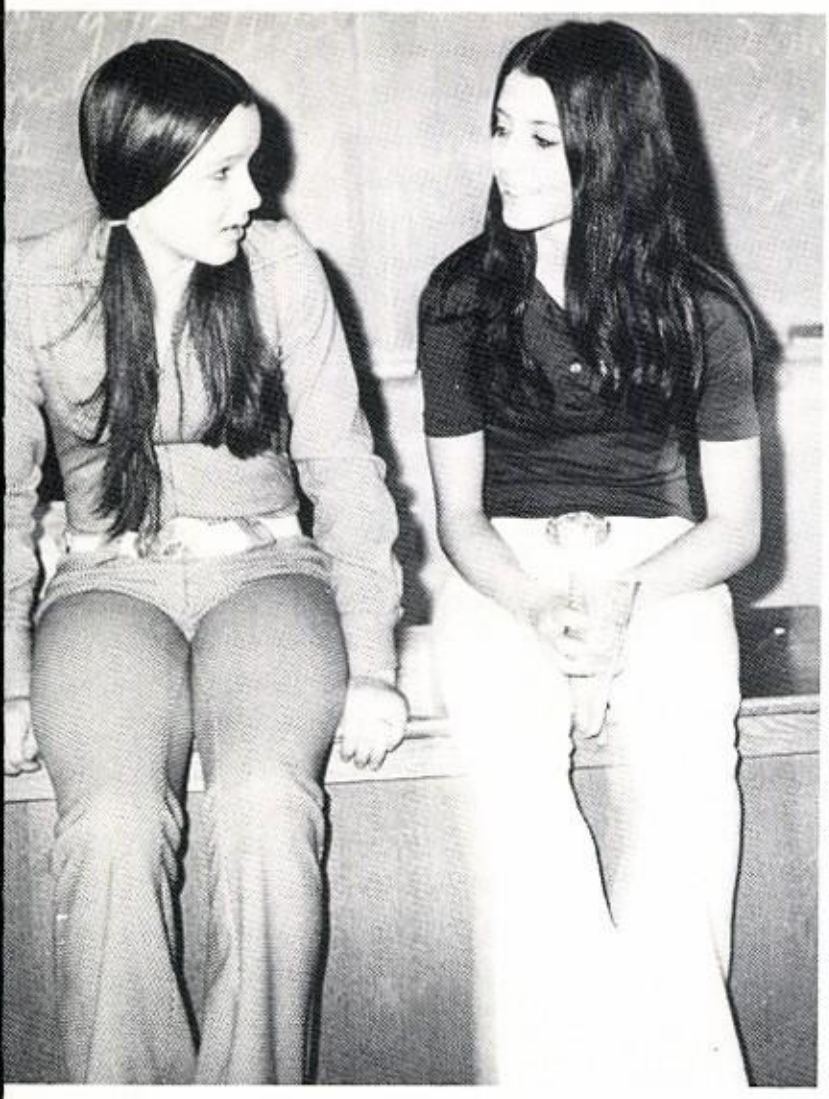
Roy Steger always looked for the photographer and finally found her.

The cafeteria proved to be an ideal place to pass the time on days when the weather was bad.

Jane Pirtle and Cindy McDonald were a few of the students who helped decorate the football boys' bus.

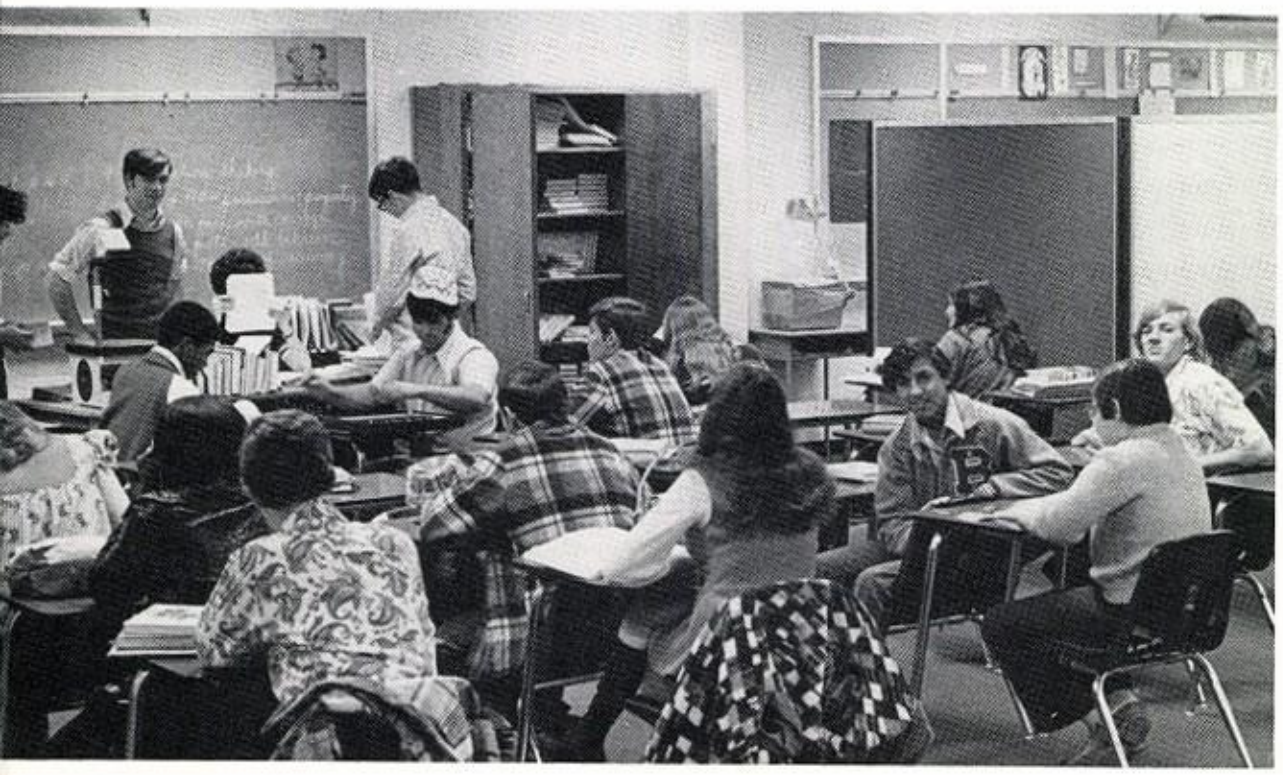


Kyle Kelton smiles sheepishly at the camera when caught cleaning out his locker.



# SOPHOMORES GET IT TOGETHER

Debbie Butler and Pam Lundy converse before class about the upcoming rodeo.



One can always find Sophomores in groups, before school, at noon, or after school.

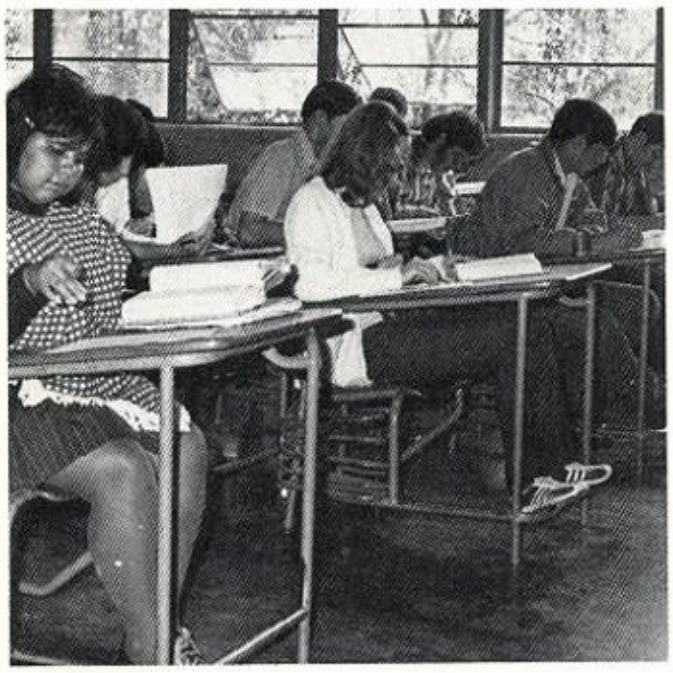
Striving to be an expert flutist, Diane Wesson can usually be found practicing at the band hall or at home.

Mrs. Eads' second period English class seems to be under firm control.

# JUNIORS

Junior spirit is displayed by a decorated car.

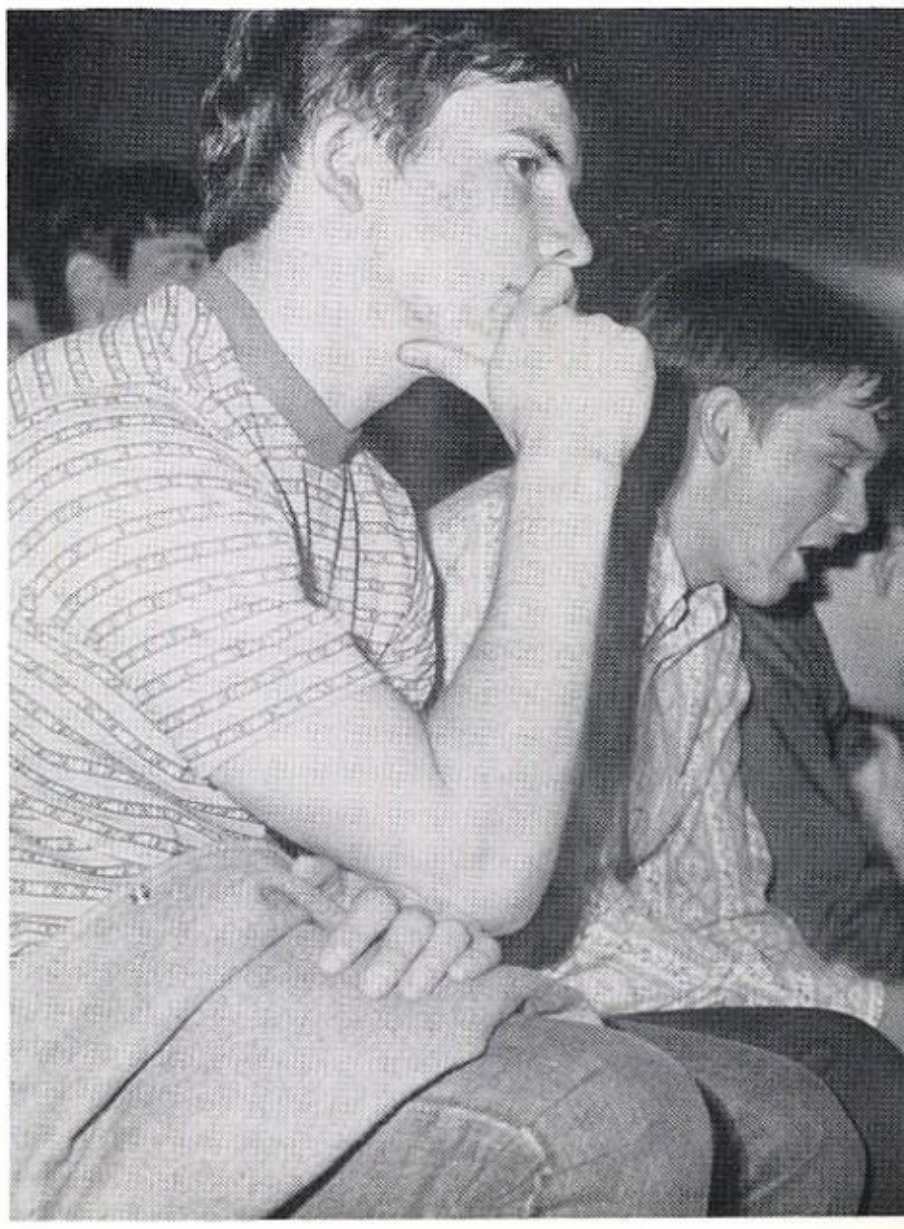
Mrs. Douglas' fifth period American History class is seen working on an assignment.



This year's Tigo, Leticia Dominquez, boosts spirit at a football game.

Melonee Brown and Karen Mebane order their senior rings.

Sean Burton and Lisa Kennedy help decorate the bus for the football team.



Grant Critchfield and Randy Alford are waiting for some action in one of the first varsity basketball games.

# JUNIORS MOVING ON

The Junior Band members presented a skit at the annual Band Banquet.

Among the many take-offs on senior band members was the much talked about "Minimax Boys" skit.

A good deal of the skit was planned by John Rollins, Mark Pustka, Calvin Tyner, and Donnie Carpenter.

Feresa Moore takes some time away from the camera to enjoy the snow which falls so seldom.

Time before classes can be a ho-hum part of the day, but these Juniors, Vicki Tessmer, Booker Russell, and Laura Crouch, help pass the time by playing "Jacks" before the bell.

# SENIORS '73 PRESENT— "CHEAPER BY THE DOZEN"

The 1973 Seniors presented the play by Frank and Ernestine Gilbreth, entitled CHEAPER BY THE DOZEN—on February 15. Director of the Senior Play was Mrs. Jennifer Hancock, who inspects Mark Parker's false tooth before the Thursday evening performance.

Norma Northen, set designer, confronts Mrs. Hancock during rehearsal about the placement of a chair.

Showing their father what they have learned from the French and German records for the bathrooms, are Fred and Martha.

"Give me a ho-rah-re and a tiger for good ole Mont Clare High," as Mark as the cheerleader, Joe Scales, leads a yell for the family.

Members of the crews were: Cynthia Bartek—costumes, Judy Lowe—stage, Ernest Renteria—lighting, David Pointon—stage, James Hill—lighting, Mary Birchet—make-up, David McFarland—lighting, Norman Northen—stage, Susan Renick—make-up, Klaudya McKee—make-up, Rita Tant—make-up, Dorothy Huey—stage, Elva Vaca—costumes, Teresa Aguilar—costumes, Rhonda Ragsdale—costumes, Ruth Edwards—stage, and Laura Pearson—student director.

# SENIORS

The life of a senior is filled to the brim with activities. Elva Vaca is shown preparing for a Civics test before school in the best place—the band hall. Debbie Harris and Connie Butler prepare the bonfire by collecting wood. Snow was seen on campus, enabling Ella Scott to take part in many snowball fights.

Tammy Sanders was one of many talented Seniors who helped paint signs for the football players' lockers. Members of the band were always involved in everything; here Ann Safley yells at an outdoor pep rally. In Mrs. Jamie Reichert's Economics classes, a contest was held to see who could wear the most red and white. Kay Fox was chosen to receive the Reichert Award.

Big Red won 17 games out of 26 this year. This is an excellent season record for any team. These hard-working guys really worked for a chance to win the season title of ZONE CHAMPS.
This year the game of basketball was much more popular than usual. This is only natural with an excellent coach, managers, and, of course, a very good TIGER TEAM.

Big Red went all of the way this year when they played Taylor at Taylor for the title of DISTRICT CHAMPS but were beaten by only a small margin. We were still proud of Belton's Big Red Men.

You do not even have to get out of your car—use our handy drive-in window.

The above picture was taken at the first annual staff party held at the new home of Norman Northen.

The 1973 LAIR staff of Belton High School would like to send their sincerest gratitude to those businesses, individuals, colleges, and firms, which purchased advertisements in this year's annual.

Our special thanks go to Sindet Gallaway, for her caricatures used throughout this yearbook. All other art work was done by staffer, Kendra Murrah.

Again, thank you from the 1973 annual staff and sponsors.

**If there's a better way, we'll find it.**

Thomas A. Edison, the research genius of his time, found a "better way" of life for the world when he first put electricity to use. Later, research by the electric industry and companies like Texas Power & Light Company created hundreds of new conveniences for home, industry and farm. And the future seems limitless. TP&L, in cooperation with other electric utilities, universities and the electric industry, has carried on a number of research programs spanning a wide variety of fields — from exploring the possibilities of converting heat and chemical energy directly into electricity, to developing a vastly improved design for electric water heaters and taking a part in nuclear study, research and development programs. If there's a better way, we'll find it!
